*The Decision of Desire* Silvia Lippi, 2020-04-14 A unique rereading of Lacan s theory of desire and its link to masochism joy mysticism death and feminine jouissance Of all of Lacan s reconceptualizations of Freudian psychoanalytic discourse the most misunderstood are those concerning human beings relation to the unconscious play of desire and the neurosis

stemming from their attachment to the phallic function An interpretive tour de force that engages works by surrealists such as Andr Breton canonical writers like William Faulkner and James Joyce and the philosophers Jean Paul Sartre Emmanuel Levinas and Baruch Spinoza The Decision of Desire is groundbreaking in its proposal that each of us can seek out and reimagine our relation to the infinite aporias of desire and thereby detach from its destructive repetitive forms in favor of joy and affirmation Providing insight to the lay reader of psychoanalytic theory as much as to practicing psychoanalysts The Decision of Desire is a bold reengagement with the legacy of the notion of desire within psychoanalysis and the quandary of how to assume responsibility for desires For if desire is always already that of the Other and the unconscious and also a decision that escapes our consciousness of ourselves how can we assume an ethical relation to it that avoids the vicious circle of disappointment neurosis and destruction Such is the decision of desire attempted within Silvia Lippi s profound development of a contemporary psychoanalytic thought **La Quinzaine littéraire** ,2004 **The Work of Psychic Figurability** César Botella,Sara Botella,2005 Based on experience of analytic practice and illustrated by fascinating clinical material this book addresses what the authors call the work of figurability as a way of outlining the passage from the unrepresentable to the representational **Deleuze et la psychanalyse** Monique David-Ménard,2005 Du sommaire I Clinique et philosophie Le probleme La polemique II Eloge du masochisme critique de la notion de plaisir III Philosophie de la repetition Les trois repetitions Comment une philosophie du temps revient a Masoch et a Sade L inconscient et les problemes IV Le corps sans organes critique ou abandon de la psychanalyse Artaud et Van Gogh La distance prise par rapport a l organisme Les devenirs et leur fin immanente V Les devenirs et les syntheses disjonctives Les syntheses disjonctives et l invention de la vie et de la pensee Repeter et inventer selon Deleuze et selon Freud Ambiguite de la repetition en psychanalyse VI Philosophie de l infini creer des concepts est ce circuler a vitesse infinie sur le chaos L affinite de la philosophie avec l infini L infini et la raison contingente Sur la lecture de Deleuze par Alain Badiou Une invention conceptuelle met elle en jeu l infini **Archives de sciences sociales des religions** ,1991 **Chiasmi International 16** Aa.
