Beverly Hall, superintendent, Atlanta Public Schools. *The Emancipatory Promise of Charter Schools* Eric Rofes, Lisa M. Stulberg, 2012-02-01. This book opens up a critical conversation among progressive educators of various generations, races, perspectives, and social locations concerning one specific school reform initiative: charter schools. Eric Rofes and Lisa M. Stulberg bring together scholars who both study and actively participate in school choice reform and charge them to be bold in their questioning and assertive in their own ambivalence about this complex, controversial public issue and to include issues that are underexamined in the school literature, such as the impact of school choice on race and class politics and inequalities. The editors argue that charter schools are playing a powerful role in reviving participation in public education, expanding opportunities for progressive methods in public school classrooms, and generating new energy for community-based, community-controlled school initiatives. The result is a groundbreaking volume that pushes boundaries, questions assumptions, and rocks foundations of progressive thought. **No-stress Guide to the 8th Grade MCAS (Massachusetts Comprehensive Assessment System)** Cynthia Johnson, Drew Johnson, 2000.
