### **Implementing Education Policies Strong Foundations for Quality and Equity in Mexican Schools**

OECD,2019-03-07 This report presents an assessment of Mexico s recent education reforms Education systems worldwide require continued policy efforts in essential areas to improve student learning such as the need to prioritise equity providing learning environments that are fit for the 21st century Augmenting Health and Social Care Students' Clinical Learning Experiences

Stephen Billett,Jennifer Newton,Gary Rogers,Christy Noble,2019-02-25 This edited volume offers a range of insights about practices of and findings associated with enriching health and social care students learning by their engagement in educational processes during and after the completion of their practicum experiences in health and social care settings That is using post practicum intervention to augment and enrich those learning experiences The collected contributions here draw on the processes of trialing and evaluating educational processes that aimed to enrich those practicum experiences for purposes of improving students understandings abilities to address patients needs and health and social care related dispositions These processes and findings from these processes across medical nursing midwifery physiotherapy pharmacy exercise physiology dietetic and speech pathology education speak directly to educators in both clinical and educational settings in the health and social care sectors These messages which arise from educators and clinicians enacting and evaluating these interventions offer practical suggestions as well as conceptual advances The reach of the accounts of processes findings and evaluations is not restricted to this sector alone however The lessons provided through this edited volume are intended to inform how post practicum interventions might be enacted across a range of occupational fields National Public Employment Reporter ,1981 **OECD Economic Surveys: Belgium 2020**

OECD,2020-02-03 Belgium performs well in many economic and well being dimensions but risks are building up Maintaining the reform momentum will boost the resilience of the Belgian economy Rebuilding fiscal buffers should remain a priority to cope with population ageing Strong mortgage credit growth and easing of lending standards require adequate prudential measures The employment rate remains low and changes in the nature of work can exacerbate existing gaps according to socio economic status or regions **New Professionalism and the Future of Work: Interdisciplinary Perspectives on Transformations in Business-Health Relationships**
