La Vie Ambigueuml

Th.C.W. Oudemans, André Lardinois

La Vie Ambigueuml:

Kundera and the Ambiguity of Authorship Christine Angela Knoop,2011 The scholarly debate about authorship has not only transcended all aspects of literary studies but has also prompted contemporary authors to counter subvert and challenge it One author to whom this applies in particular is Milan Kundera In this study Christine Knoop re examines Kundera s essayistic and novelistic work against the background of the theoretical paradigms of literary authority intention and ownership In so doing she demonstrates how he overcomes traditional theoretical distinctions by postulating the existence of both a strong powerful author figure and of potentially boundless literary meaning Kundera s radically ambiguous conception of the author in the novel developed primarily to influence the reader is discussed and developed to cast new light on the critical debate about authorship at large while maintaining his primary conjecture that authorship as such is perpetually hybrid dynamic and unfinished Christine Angela Knoop is a Postdoctoral Research Associate for Comparative Literature at Freie Universitat Berlin

Rousseau and the Politics of Ambiguity Mira Morgenstern,2010-11-01 This new reading of Jean Jacques Rousseau challenges traditional views of the eighteenth century political philosopher s attitudes toward women and his perceived pessimism about human experience Mira Morgenstern finds in Rousseau an appreciation of the complexities and multidimensionality of life that allowed him to criticize various easy dualisms promoted by his fellow liberal thinkers and point to the crucial mediating role that women fulfill between the private and public spheres Morgenstern sees Rousseau as an important contributor to the feminist thoughts and concerns that animate so much of our public and private discourse today While Rousseau is commonly seen as a patriarchal misogynist Morgenstern finds evidence in his writing that belies much of this claim Rousseau was very much a man of his time but he also believed that women were the key to transmitting his ideals of personal and political authenticity thereby transforming his theory from ephemeral ideas into practical reality A careful evaluation of Rousseau s writings on women reveals his highly complex sense of reality especially his awareness that the solutions to life s complex problems are often temporary and must be renegotiated over time Rousseau is more persistent than most in highlighting the weaknesses and pitfalls of liberal political thought whose fundamental characteristic is its categorization of life on the basis of dualistic categories public and private outside and inside male and female Ultimately what makes Rousseau worth reading today argues Morgenstern is his ability to illuminate critical weaknesses in the dualisms of liberal political theory and his pointing out if only by implication alternative ways of reaching the full measure of our individual and communal humanity In honoring the traditional liberal emphasis on individual liberty and self development Rousseau s meditations on the proper aim of political life are especially helpful to those today who seek ways to expand liberalism s promise of freedom and authenticity while not losing sight of the common threads of meaning and community that continue to bind us together

Kafka and the Universal Arthur Cools,Vivian Liska,2016-07-25 Kafka s work has been attributed a universal significance and is often regarded as the ultimate

witness of the human condition in the twentieth century Yet his work is also considered paradigmatic for the expression of the singular that cannot be subsumed under any generalization This paradox engenders questions not only concerning the meaning of the universal as it manifests itself in and is transformed by Kafka's writings but also about the expression of the singular in literary fiction as it challenges the opposition between the universal and the singular The contributions in this volume approach these questions from a variety of perspectives They are structured according to the following issues ambiguity as a tool of deconstructing the pre established philosophical meanings of the universal the concept of the law as a major symbol for the universal meaning of Kafka's writings the presence of animals in Kafka's texts the modernist mode of writing as challenge of philosophical concepts of the universal and the meaning and relevance of the universal in contemporary Kafka reception This volume examines central aspects of the interplay between philosophy and literature

Strategies of Ambiguity Matthias Bauer, Angelika Zirker, 2023-09-13 There has been a growing awareness that ambiguity is not just a necessary evil of the language system resulting for instance from its need for economy or by contrast a blessing that allows writers to involve readers in endless games of assigning meaning to a literary text The present volume contributes to overcoming this alternative by focusing on strategies of ambiguity and the strategic avoidance of ambiguity both at the production and the reception end of communication The authors examine ways in which speakers and hearers may use ambiguous words structures references and situations to pursue communicative ends For example the question is asked what it actually means when a listener strategically perceives ambiguity which may happen both synchronically e g in conversations as well as diachronically e g when strategically ambiguating biblical texts in order to make them applicable to moral lessons Another example is the question of whether ambiguity awareness increases the strategic use of ambiguity in prosody Moreover the authors enquire not only into the effects of ambiguous meanings but also into the strategic use of ambiguity as such for example as a response to censorship or as a means of provoking irritation This volume brings together several contributions from linguistics literary studies rhetoric psychology and theology and it aims to provide a systematic approach to the strategic production and perception of ambiguity in a variety of texts and contexts The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Ambiguous Consensus; a Study of Local Government in France Mark Kesselman,1967 *An Unformed Map*

Philip Janzen,2025-05-02 In *An Unformed Map* Philip Janzen traces the intellectual trajectories of Caribbean people who joined the British and French colonial administrations in Africa between 1890 and 1930 Caribbean administrators grew up in colonial societies saw themselves as British and French and tended to look down on Africans Once in Africa however they were doubly marginalized excluded by Europeans and unwelcome among Africans This marginalization was then reproduced in colonial archives where their lives appear only in fragments Drawing on sources beyond the archives of empire from dictionaries and language exams to a suitcase full of poems Janzen considers how Caribbean administrators reckoned with the profound effects of assimilation racism and dislocation As they learned African languages formed relationships with African intellectuals and engaged with African cultures and histories they began to rethink their positions in the British and French empires They also created new geographies of belonging across the Atlantic foundations from which others imagined new political horizons Ultimately Janzen offers a model for reading across sources and writing history in the face of archival fragmentation **Current Law** ,1904 **The New Fraser and Squair Complete French Grammar** William Henry

Fraser,John Squair,Algernon Coleman,1921 *Orphism* Virginia Spate,1979 *Pascalian Fictions* Van Kelly,1992 *Pascalian Fictions* presents the thesis that in fragments 135 and 418 in Lafuma s edition and a fortiori throughout the *Pensées* we see a coherent dialectic with Descartes and Cartesian thought Kelly asserts that these two fragments contain a strident and active attempt on the part of Pascal to grapple with and subvert Descartes s ontological premises and to replace them with categories more germane to his system of Christian apologetics Kelly s work focuses via an innovative analysis of structure form and syntax on narrative fiction as a mode of discourse in the *Pensées* and particularly in the famous *pari* *Oral and conversational method. Petites leçons de conversation et de grammaire* Frédéric Julien,1877 *A French Grammar for Schools and Colleges* William Henry Fraser,John Squair,1906 *Royal Dictionary* Fleming,Tibbins,1875
