La Violence Des Femmes Histoire Dun Tabou Social Linconnu:

Thinking about the Enlightenment Martin Davies, 2016-03-31 Thinking about the Enlightenment looks beyond the current parameters of studying the Enlightenment to the issues that can be understood by reflecting on the period in a broader context Each of the thirteen original chapters by an international and interdisciplinary team of contributors illustrates the problematic legacy of the Enlightenment and the continued ramifications of its thinking since the eighteenth century Together they consider whether modernity can see its roots in the intellectual revolution of the seventeenth and eighteenth centuries The collection is divided into six sections preceded by a comprehensive introduction to the field and the most recent scholarship on the period Across the sections the contributors consider modern day encounters with Enlightenment thinking including Kant's moral philosophy the conflict between reason and faith the significance of the Enlightenment of law and the gender inequality that persisted throughout the eighteenth century By examining specific encounters with the problematic results of Enlightenment concerns the contributors are able to illuminate and offer new perspectives on topics such as human nature race politics gender and rationality Drawing from history philosophy literature and anthropology this book enables students and academics alike to take a fresh look at the Enlightenment and its legacy in the modern world

La violence des femmes Christophe Regina, 2011 La violence des femmes apparaît comme un tabou social et historique La femme brutale est forcément trans minoritaire trans masculine un peu sorcière cruelle ou atteinte pathologiquement Elle sort du rôle maternel soumis ou victimiste que la société assigne la femme depuis des générations Or la violence n'est pas si sexuée qu'on le croit l'Histoire le démontre ainsi que les chiffres en matière de délinquance et de crimes ou les témoignages encore timides d'hommes battus Il s'agit pour l'auteur de décrypter cette réalité et d'en tirer les conséquences sociales et juridiques Pourquoi la justice crime-gal ne condamne-t-elle pas l'homme et la femme de la même manière Infanticides pédophiles complices volontaires de leur compagnon Christophe Regina s'appuie sur de nombreux exemples historiques ainsi que sur une enquête qu'il a lui-même menée auprès d'une centaine de personnes pour dépasser les stéréotypes de genre et interroger la place de la femme dans la société
