Minneapolis Riverfront The Images Of America Series:

Minneapolis Riverfront, The Iric Nathanson,2014 With the Mississippi River s only true waterfalls at its front door Minneapolis harnessed the power of the falls to become an international milling center Changing market conditions though forced Minnesota s largest city to give up its preeminent position in the milling world after World War I As the local milling industry gradually faded away Minneapolis turned its back on its riverfront origins By 1950 a once bustling commercial area along the banks of the Mississippi had become an industrial wasteland Then a decade later the seeds of renewal were planted when some urban pioneers recognized the potential of this long ignored historic district By the first decade of the 21st century the riverfront had reemerged as a vibrant residential cultural and recreational center Publisher s website

DOWNTOWN MINNEAPOLIS Iric Nathanson,2017-01-23 Downtown Minneapolis evolved from a collection of modest frame buildings on the banks of the Mississippi River to the high rise center of a modern American metropolis With a burgeoning milling industry powering the local economy the early frame structures soon gave way to substantial brick and masonry buildings lining the streets of a bustling 19th century commercial district Downtown continued to prosper during the early years of the 20th century aided by advances in transportation and communications The heart of the city held its own during the Great Depression and World War II but the postwar era brought new challenges as a suburban boom threatened the city s economic foundation Enterprising local leaders responded with innovative developments to meet these challenges and a reinvigorated downtown took on a new role as the site of a dynamic new residential community now home to nearly 40 000 city residents

World War I Minnesota Iric Nathanson,2016-05-23 When the United States made a formal declaration of war on April 6 1917 Minnesotans answered the call to arms Duluth with its strategic location at the head of the Great Lakes emerged as a major shipbuilding center Over forty thousand men registered for the draft in Minneapolis alone Yet many members of the state s large German American population struggled with divided loyalties A xenophobic fervor swept through the state at an alarming rate forcing the government to establish a Commission on Public Safety to stifle wartime dissent With more than fifty period photos and illustrations author Iric Nathanson brings to life the daily struggles and triumphs of Minnesotans in the Great War

Nathanson,2019-03-04 Minnesota s capital city was given a lofty identity when young Catholic priest Lucien Gaultier built a modest log chapel in a wilderness clearing and named it for his patron saint St Paul s modern downtown would later take shape at this very site In the mid 19th century St Paul s strategic location at the head of navigation on the Mississippi River was naturally suited as a way station for goods and a hub for settlers pouring into the Upper Midwest While St Paul had to relinquish its ranking as Minnesota s largest city to its twin Minneapolis the city remains at the center of state politics as Minnesota s state capital Following World War II a suburban boom weakened the business district and downtown St Paul fell into decline Over the last 40 years however St Paul s downtown has been reinvented as a major sports entertainment and cultural center
