comprehensive review of international literature It is intriguing to observe that in both cases Pumapunku Tiwanaku in the Andes and Easter Island volcanic rocks are involved which contain biological carbon These discoveries undeniably support the theory of geopolymeric artificial manufacturing challenging traditional archaeological views     **The 2nd International Conference on Applied Engineering, Science, Technology and Innovation (AESTI)** Rizki Agam Syahputra,Joli Supardi,2025-07-08 Selected peer reviewed extended articles based on abstracts presented at the 2nd International Conference on Applied Engineering Science Technology and Innovation AESTI 2024 Aggregated Book     **Proceedings of the 41st International Conference on Advanced Ceramics and Composites, Volume 38, Issue 3** Waltraud M.
