C. Michalos, 2023-05-24 This encyclopedia edited by the past editors and founder of the Journal of Business Ethics is the only reference work dedicated entirely to business and professional ethics. Containing over 2000 entries, this multi-volume major research reference work provides a broad-based disciplinary and interdisciplinary approach to all of the key topics in the field. The encyclopedia draws on three interdisciplinary and overlapping fields: business ethics, professional ethics, and applied ethics, although the main focus is on business ethics. The breadth of scope of this work draws upon the expertise of human and social scientists as well as that of professionals and scientists in varying fields. This work has come to fruition by making use of the expert academic input from the extraordinarily rich population of current and past editorial board members and section editors of and contributors to the Journal of Business Ethics. *International Encyclopedia of Business Management*, 2025-09-01 The Encyclopedia of Business Management Four Volume Set is a comprehensive resource that covers over 200 topics across various areas of business management. Each entry is written in an accessible manner, making complex concepts easy to understand. The encyclopedia addresses interdisciplinary subjects such as cultural entrepreneurship, tourism, innovation, and marketing promotions. By emphasizing definitions and practical applications, the entries help readers grasp the relevance of each topic. Expert editors lead each section, ensuring that the contributions are authoritative and well-rounded. The encyclopedia is divided into seven broad themes, including business entrepreneurship, human resource management, innovation management, international business, organizational behavior, project management, supply chain management, and sport and tourism management. Each section's articles begin with a technical analysis of key definitional issues, followed by an exploration of the topic's broader context. This structured approach provides a holistic examination of the subjects, allowing readers to gain a comprehensive understanding of vital business management concepts. Provides a comprehensive overview of the main business management topics. Focuses specifically on business management from a range of perspectives. Includes new and emerging business management topics. Presents an interdisciplinary focus in terms of business management practices. Features templates across all chapters for ease of navigation and use. *Applied Ethics in a Digital World* Vasiliu-Feltes, Ingrid, Thomason, Jane, 2021-11-19 As advances in disruptive technologies transform politics and increase the velocity of information and policy flows worldwide, the public is being confronted with changes that move faster than they can comprehend. There is an urgent need to analyze and communicate the ethical issues of these advancements. In a perpetually updating digital world, data is becoming the dominant basis for reality. This new world demands a new approach because traditional methods are not fit for a non-physical space like the internet. *Applied Ethics in a Digital World* provides an analysis of the ethical questions raised by modern science, technological advancements, and the fourth industrial revolution, and explores how to harness the speed, accuracy, and power of emerging technologies in policy research and public engagement to help leaders, policymakers, and the public understand the impact that these technologies will have on economies, legal and political systems, and the way of life.
