Focus On: 100 Most Popular Unreal Engine Games Wikipedia contributors, **Journal of the Senate of the United States of America** United States. Congress. Senate, The Eisenhower Presidency Andrew J. Polsky, 2015-11-30 We are in the midst of a Dwight Eisenhower revival Today pundits often look to Eisenhower as a model of how a president can govern across party lines and protect American interests globally without resorting too quickly to the use of force Yet this mix of nostalgia and frustration with the current polarized state of American politics may mislead us Eisenhower's presidency has much to teach us today about how a president might avert crises and showdowns at home or abroad But he governed under conditions so strikingly different from those a chief executive faces in the early 21st century that we need to question how much of his style could work in our own era The chapters in this volume address the lessons we can draw from the Eisenhower experience for presidential leadership today Although most of the authors find much to admire in the Eisenhower record they express varying opinions on how applicable his approach would be for our own time On one side they appreciate his limited faith in the power of his words to move public opinion and his reluctance to turn to the use of force to solve international problems On the other side it was plain that Ike's exercise of hidden hand leadership in Fred Greenstein's evocative term would not be possible in the modern media environment that makes Washington a giant fishbowl and instant revelation an acceptable norm Both Eisenhower admirers and skeptics and many of the authors are both will find much in these essays to reinforce their preconceptions and much that is unsettling Eisenhower emerges as an effective but flawed leader He was in many ways the right man for his time but limited because he was also a man of his time **Hits and Misses in the Baseball Draft** Alan Maimon, Chuck Myron, 2014-02-12 If unpredictability is so much of what makes sports compelling the baseball draft might be the best place to look This book explores the intricate uncertainties of the draft and the people who face it Since the modern draft began in 1965 major league teams have attempted with varying degrees of success to identify and develop stars of the future Whether because of injury poor performance or mental and physical struggles a large percentage of the most ballyhooed prospects never reach the game's highest level Though teams have improved in recent years at turning top picks into major leaguers the baseball draft is still centered on educated guesswork This book explains why **Marking Evil** Amos Goldberg, Haim Hazan, 2015-05-01 Talking about the Holocaust has provided an international language for ethics victimization political claims and constructions of collective identity As part of a worldwide vocabulary that language helps set the tenor of the era of globalization This volume addresses manifestations of Holocaust engendered global discourse by critically examining their function and inherent dilemmas and the ways in which Holocaust related matters still instigate public debate and academic deliberation It contends that the contradiction between the totalizing logic of globalization and the assumed uniqueness of the Holocaust generates continued intellectual and practical discontent *Ireland and the Magdalene Laundries* Claire McGettrick, Katherine O'Donnell, Maeve O'Rourke, James

M. Smith, Mari Steed, 2021-08-12 Between 1922 and 1996 over 10 000 girls and women were imprisoned in Magdalene Laundries including those considered promiscuous a burden to their families or the state those who had been sexually abused or raised in the care of the Church and State and unmarried mothers These girls and women were subjected to forced labour as well as psychological and physical maltreatment Using the Irish State s own report into the Magdalene institutions as well as testimonies from survivors and independent witnesses this book gives a detailed account of life behind the high walls of Ireland s Magdalene institutions The book offers an overview of the social cultural and political contexts of institutional survivor activism the Irish State s response culminating in the McAleese Report and the formation of the Justice for Magdalenes campaign a volunteer run survivor advocacy group Ireland and the Magdalene Laundries documents the ongoing work carried out by the Justice for Magdalenes group in advancing public knowledge and research into Magdalene Laundries and how the Irish State continues to evade its responsibilities not just to survivors of the Magdalenes but also in providing a truthful account of what happened Drawing from a variety of primary sources this book reveals the fundamental flaws in the state s investigation and how the treatment of the burials exhumation and cremation of former Magdalene women remains a deeply troubling issue today emblematic of the system of torture and studious official neglect in which the Magdalene women lived their lives The Authors are donating all royalties in the name of the women who were held in the Magdalenes to EPIC Empowering People in Care

Religious and Cultural Difference in Modern British Political Cartoons Tahniah Ahmed, 2024-05-16 Focusing on British broadsheets such as The Times and The Guardian and tabloid publications such as The Sun and The Daily Mail this book looks at the visualization of post colonial Britain through cartoons Tahniah Ahmed examines how Irish Jewish Sikh and Muslim communities are Othered interrogating the patterns and trends in the way they are depicted both consciously and unconsciously by cartoonists in Britain from the 20th century onwards She reveals how cartoonists such as Nicholas Garland and Peter Brookes present assimilation as the goal for the portrayed minorities At the same time this goal is deemed impossible because difference is ontological and unchangeable Central to the cartoons explored in this book is the construction of identity and the concept of us demonstrating the role cartoons play in the stability and enduring power of the archetype Ahmed suggests that cartoons illustrate how racial and religious prejudice subtly interface and reinforce one another A depiction of religious difference Ahmed argues is often actually a cover for outright racism
