Marina L. Al'pidovskaya,Ludmila A. Karaseva,David I. Mamagulashvili,Aleksei V. Bogoviz,Artem Krivtsov,2021-03-08 Industry 4 0 is not only just a new sector of economy it is a new technological model of economic development which will determine the technical possibilities organizational philosophies and approaches to managing socio economic systems in the near future Signs of the Fourth Industrial Revolution can already be seen in the most progressive developed and developing countries However despite the high interest of entrepreneurs in the possibilities that are provided by Industry 4 0 large scale investment projects and the adoption of state and national strategies and programs to facilitate the financing and transition to Industry 4 0 the Fourth Industrial Revolution is developing very slowly The reason for this is the non systemic character of the implemented initiatives *Management Control in Public-Private Partnerships* Thomas S. Konrad,2018-06-27 Thomas S Konrad analyzes the management control design and reveals critical success factors of strategically oriented public private partnerships for development between international governmental actors and the private sector He builds a sound basis for the identification of a research gap and the derivation of research questions The results generate sufficient evidence to answer these questions and therefore to close the identified research gap Finally he excelled in the discussion of the results by making a contribution of theory and by providing substantive recommendations to practitioners equally well Catalog of Copyright Entries.
