Evidentiality in communication is better investigated in delimited and recognizable contexts where the multiple levels of meaning in interactional practices are manifested Taking this viewpoint the present volume explores the interrelations between evidentials and textual genre in Spanish Adopting a discursive perspective all of the chapters examine how the functional category of evidentiality is brought into discourse which set of linguistic strategies evidentiality makes explicit what counts as evidence in certain contexts and in certain textual genres and what particular pragmatic meanings these mechanisms acquire invoke and project onto the ongoing discourse In particular this book is concerned with the relationship between evidential expressions and the pragmatic meanings triggered by those expressions and the role of genre in shaping the evidential meanings The volume is addressed to both theoretically and empirically minded scholars in the disciplines of Pragmatics Discourse Analysis Sociolinguistics Communication Studies and Psychology **2015 Mercedes-Benz C Class Owner Manual Compatible with OEM Owners Manual, Factory Glovebox Book** Helming, 2015-01-27 **The Autocar**, 1966 **Advances in Design for Inclusion** Giuseppe Di Bucchianico, 2018-06-23 This book addresses a range of topics in design such as universal design design for all digital inclusion universal usability and accessibility of technologies for people regardless of their age financial situation education geographic location culture and language It especially focuses on accessibility for people with auditory cognitive neurological and visual impairments ageing populations and mobility for those with special physical needs The book explores some of the overlaps between inclusive design and web accessibility to help managers designers developers policy makers and researchers optimize their efforts in these areas Based on the AHFE 2018 International Conference on Design for Inclusion held on July 21-25 2018 in Orlando Florida USA it discusses new design technologies and highlights the disparate needs of the individuals within a community Thanks to its multidisciplinary approach it is a valuable resource for readers from various backgrounds providing them a timely practice oriented guide to design for inclusion **Coming of Age in Madrid** Susan Plann, 2018-10-10 Coming of Age in Madrid is a longitudinal study of twenty seven Moroccan youth who migrated to Madrid as unaccompanied minors passed their adolescence in the Spanish child care system and embarked on their lives as young adults interviews were conducted over a period of six years in Spain and Morocco The stories begin with narrators lives in Morocco contextualizing their migratory experience then follows them children traveling alone as they across the Strait of Gibraltar and make their way to Madrid the study also engages with those who were deported crossing the Strait once again as they were returned to Morocco Using qualitative interviews to capture narrators accounts in their own words this oral history examines their identity transformation integration and acculturation in Spain Their individual voices and their collective wisdom contribute to an understanding of their experiences

Rodrigues, Renata Vilela Multedo, Taísa Maria Macena de Lima, Taysa Schiocchet, Thais Câmara Maia Fernandes Coelho, Willian Pimentel, 2021-04-28 Com a Constituição Federal de 1988 e a consagração da Doutrina da Proteção Integral delineada pela Lei nº 8.069/90 reconfigura-se a visão sobre a criança e o adolescente que passam a ser considerados como sujeitos de direitos na ordem jurídica brasileira. As relações entre pais e filhos também passam a estar pautadas em tais premissas de modo que a autoridade parental nesse contexto confere aos pais não apenas um direito mas sobretudo um dever que deve ser exercido em consonância com o melhor interesse dos filhos. Também assistimos no sistema jurídico brasileiro a partir da Lei nº 12.010/2009 uma significativa mudança de paradigma na qual o acolhimento familiar surge como forma de garantir a convivência familiar visando proteção de crianças e adolescentes que vivenciam a violação de direitos e buscando fixar diretrizes para políticas públicas apropriadas. Diante de tantas transformações coubes professoras Ana Carolina Brochado Teixeira e Luciana Dadalto a difícil missão de relacionar em uma obra única os principais questionamentos e desafios que advêm da releitura promovida sobre o antigo pátrio poder agora reconhecido não como uma potestade dos pais mas como instrumento para a promoção do desenvolvimento individual dos filhos. A autoridade parental agora funcionalizada aos interesses dos filhos demanda uma reflexão constante sendo os estudos aqui compilados resultado dessa árdua tarefa complexa e necessária.
