

Manchester Theater Guide

Sir Lewis Casson

Manchester Theater Guide:

The Rough Guide to Los Angeles & Southern California Jeff Dickey, 2013-10-24 This definitive guidebook to Los Angeles and Southern California features hundreds of reviews of the city's restaurants, hotels, nightlife, shops, and cinemas. Along with a thorough look at LA's top tourist areas from Hollywood and Beverly Hills to Santa Monica and Disneyland, the guide explores more obscure but no less deserving sights from Downtown's arts district to Santa Catalina Island. Additionally, the book covers the broader Southern California region including San Diego, Palm Springs, and Santa Barbara. A full range of practical information for the visitor includes city transport and tours, costs, and currency, while an in-depth contexts section details the region's colourful background from its landmark architecture to the rise of the Hollywood film industry. Finally, individual sections highlight the region's top sights as well as its beautiful beaches, and there are plenty of maps to help you plan your trip to this free-spirited American metropolis. Originally published in print in 2011, now available in ePub format.

Children's Theater Kelly Eggers, Walter Eggers, 2010-04-09 Although there are many children's theater companies located around the world, more parents and educators need to know what a significant impact such venues can have on the lives of their participants. For anyone interested in learning more about these creative outlets, *Children's Theater: A Paradigm Primer and Resource* serves several purposes. First, this book introduces readers to the world of children's theater by highlighting one specific model: The Oyster River Players, a small children's theater company in New Hampshire. By exploring the history and dynamics of their own theater company, authors Kelly and Walter Eggers apply broader implications, expanding their focus to include children's theaters of other kinds and in different cultural settings. Throughout the book, the Eggers show how children's theater succeeds in helping young people learn in ways that would be otherwise inaccessible. Through forays into philosophy and history as well as personal testimonies, the authors present a coherent argument for the need for children's theaters in nearly every community. This volume also lists more than 600 children's theater companies, agencies, and associations in the United States as well as 400 more worldwide. Both accessible and practical, *Children's Theater* is an essential tool for teachers, directors, parents, mentors, and anyone else involved or interested in children's theater and its implications for children's education.

Shakespeare and Political Theatre in Practice Andrew James Hartley, 2013-12-13 What makes a Shakespeare production political? Can Shakespeare's plays ever be truly radical? Revealing the unspoken politics of Shakespeare's plays on stage, Andrew Hartley examines their nature, agenda, limits, and potential. In considering key theoretical issues, analysing a wide range of productions, and engaging in a collaborative debate with Professor Ayanna Thompson, Hartley highlights a more consciously political approach to making theatre out of Shakespeare's scripts and to experiencing it as an audience. Dynamic and provocative, this book is a crucial text for students and theatre practitioners alike.
