Yoga and Unlocking Mystical Songs of Kabir Lahiri Mahasaya,2013-07-26 This is a scriptural commentary of Lahiri Mahasaya on Kabir s couplets Kriya Yoga Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone with without initiation Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is

happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster then in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper

The Upanishads Lahiri Mahasaya, This is a scriptural commentary of Lahiri Mahasaya on The Upanishads If we scan the word Upanisad we see that Upa means sitting and nisad means near Thus the very word Upanisad specifies personal relationship the Guru param para Master to Disciple learning from the living lips of a Guru In ancient times the disciples sat near the Guru to learn the spiritual discipline from the living lips of their Guru to realize the supreme Self They practiced strictly in accordance with the instructor they received personally from the living lips of their Guru This is a Kriya Yoga book intended to be read and practiced by everyone with without initiation Please note that the Guru here means the Kutastha i e the place between the eyebrows also known as The Third Eye Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster then in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course

provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper **Sri Sri Chandi (Durga Saptasati)** Lahiri Mahasaya,2014-08-23 This is a scriptural commentary of Lahiri Mahasaya on Sri Sri Chandi also known as Sri Durgasaptasati In the dialogue there is a point to answer Where there are no words there is no need to talk The Lord who stays within the heart causes a person to express the Message which reveals accordingly There are many words of wisdom in this Scripture but they have been condensed here to help the Kriyanwits increase their sincerity and devotion The Rig Veda states Whatever blissful feelings are generated by discussing and practicing Kriya are called Prema Divine Love and Bhakti Utmost sincerity and Devotion The spontaneous Revelation of the glories of the Goddess Durga is reflected in Her image and the Yogis who witness this between the eyebrows transcend dualism Dwaita and monism Adwaita to establish themselves in Oneness with the ultimate Self When the Yogi holds onto the state of the After effect poise of Kriya then there is nothing to say Whatever is expressed in Speech which comes out from the Tranquil Breath is the form and energy of Durga Gayatri Everything is present in Her Nama Name and Rupa Form are the same for everything is Her name and Her form The cause of Liberation Mukti and cause of man is Divine Mother In the Rig Veda She is referred to in many ways such as Bhadrang Bhagavating Krisnang Graha Nakshatra Malini Sivang Durgang Twang Samutpannang Agnivarnang Sutang Soumyang Idang Sresthang and Jyotisang Jyotiruttamang Such is the form of the Goddess Durga and it is everybody s duty to worship Her that is to practice Kriya sincerely *Patanjali Yoga Sutras* Lahiri Mahasaya,2014-03-30 This is a scriptural commentary of Lahiri Mahasaya on Patanjali Yoga Sutras in the Light of Kriya All living beings are subject to the law of cause and effect As a result of their past actions they suffer again and again without breaking the cycle of births and deaths Desires cause them to embody and reembody in the world Once in embodiment the individual seeks happiness and avoids pain and sorrow Pleasure and or pain is reaped in this life according to past good and bad actions Moreover in order to be happy in this world one should also suffer because happiness and suffering are relative There is no escape from suffering until all desires themselves are dissolved or transcended Perfect Happiness can only be found in Peace or Shanti How can one find Peace There is no other means for finding Peace except through the practice of Yoga By the practice of Yoga the tremendously restless heart becomes calm Not only does the heart become calm by Yoga practice but longevity is also increased The body becomes healthy and absolute Knowledge is gained Who can tell how long a man will remain alive It is well known that even ordinary people without mentioning Yogis can live up to one hundred to one hundred fifty years It is also admitted that starting with the body in the mother s womb up to the age of eighty individuals are faced with premature death What is the cause of premature death How can one prevent it Who is also lucky not to be afflicted with hereditary ill health or premature death Individuals themselves

are the cause of their own death It will become clear when one analyzes the nature of his restless activities and desires in search of Happiness What could be more desirable than to enjoy Peace with a steadfast heart It is not so easy to remain steadfastly calm no matter what happens in life But why is this not possible Where is one's command over the mind One shall have to tactically acquire dominion over the mind That can only be accomplished by Yoga practice It is possible to live even when all physical and mental activities have come to a stop when one practices Yoga Yoga is one of the six systems of philosophy Yogi Patanjali is the founder of this system as well as the author of the many commentaries on Yogi Panini the father of Sanskrit grammar This very valuable tiny book is divided into four parts In the first part it describes the nature of Yoga Samadhi or Attunement with the ultimate Self and discusses its various aspects In the second part the first five steps of the eightfold Yoga path are outlined for the benefit of the truth seeker In the third part the last three steps are outlined namely Dharana concept of Tranquility Dhyana meditation and Samadhi Attunement The state of going within during meditation practice and the danger of developing yogic powers are discussed In fourth part Kaivalya or the highest Liberation is discussed In fact discussion of Yoga is the aim of this book

Linga Puran Lahiri Mahasaya, 2014-11-17 This is a scriptural commentary of Lahiri Mahasaya on Linga Puran In The Light Of Kriya When the body trembles it is medium Pranayam When the body levitates it is Super Pranayam Seeing the inner Visions is called Darsan The Kriyanwit holding onto the After effect poise of Kriya in Samadhi stays like a corpse The Yogi becomes extremely powerful and inward when he holds onto the After effect poise of Kriya for a whole year His sperm become golden He becomes Omniscient and generates good Seed His arms reach out in ten directions and he may accept whatever he wants to The eyes of one who holds onto the After effect poise of Kriya do not blink nimes That is why he is called Animes Those who walk on the earth and who fly in the sky like renunciates and energetic beings all are holding eight kinds of powers through earth water fire air and ether At the After effect poise Turiya of Kriya one does not like to speak He is Kapali that is He holds the air in the forehead Kapal He stays at Kailash Mountain that is at the head at the After effect poise Turiya of Kriya like the ultimate Self He is Guhavashi That is in the Star in between the eyebrows there is a cave where He lives He is Kulahari That is He snatches away the energy of Kulakundalini This body is the sound of OM or Pranava Prana makes all beings tranquil by the practice of Kriya in this body That is why it is called Pranava This very breath is spread over in all bodies That is why Mahadeva is all pervading and everywhere in all beings
