the book also documents important and emergent trends in the study of these styles as they have spread across the world. The volume maintains the original publication format and pagination of each essay making for easy and accurate cross reference and citation. Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies. **Close to the Edge** Sujatha Fernandes, 2011-09-12 At its rhythmic beating heart *Close to the Edge* asks whether hip hop can change the world. Hip hop rapping beat making b-boying deejaying graffiti captured the imagination of the teenage Sujatha Fernandes in the 1980s inspiring her and politicizing her along the way. Years later armed with mc-ing skills and an urge to immerse herself in global hip hop she embarks on a journey into street culture around the world. From the south side of Chicago to the barrios of Caracas and Havana and the sprawling periphery of Sydney she grapples with questions of global voices and local critiques and the rage that underlies both. An engrossing read and an exhilarating travelogue this punchy book also asks hard questions about dispossession racism poverty and the quest for change through a microphone.
