Running Mac OS X Panther James Duncan Davidson, 2004 Apple has shown no mercy to the Macintosh power user that dedicated individual who knows their Mac inside and out what makes it tick and what makes it tick better In the rapid evolution of Mac OS X there have been three major releases and each new release challenges the power user to once more stay ahead of the learning curve Mac OS X Panther is no exception to that rule With more than 100 new features including a new Finder Expos FileVault and an improved BSD Unix core there s plenty here to master

Fortunately power users have a secret weapon in Running Mac OS X Panther This book takes readers deep inside Mac OS X's core revealing the inner workings of Panther for those who want to get the most out of their system Running Mac OS X Panther is the ultimate Swiss Army Knife for power users who want to customize tweak and generally rev up their Mac The easy to follow format is organized into three primary parts Getting Started introduces you to Mac OS X where it came from how it's put together and how it works Administration Essentials gives you the tools you need to examine how your system is running and adjust all the knobs behind its operation Networking and Network Services covers all the ways Mac OS X interfaces with the world around it including wireless and spontaneous networking Developer Tools including Xcode for Mac OS X are discussed throughout the book where needed to accomplish the task at hand The appendices that follow include handy quick reference materials for things such as Open Firmware Written for readers who are inquisitive and confident enough to dig into their Macintosh system Running Mac OS X Panther doesn't waste time talking about silly Finder tips or glossing over the messier details This book dives right in and explains how your Mac works You may not be a Mac guru when you start this book but once you've read it you'll be well on your way

Mac OS X Tiger Killer Tips Scott Kelby, 2005 Tips rule Have you ever noticed that in just about every Mac book the author will include a couple of tips in each chapter you'll usually find them in the sidebar or at the bottom of the page in a tinted box Sometimes it's a shortcut a faster way to do something or a clever workaround that just makes your life easier People really love those tips but there's only one problem there's never enough of them That's why Scott Kelby bestselling author and Editor in Chief of Mac Design magazine came up with the idea to create a book that's nothing but sidebar tips That's right this entire book cover to cover is packed with nothing but those cool inside secrets slick workarounds undocumented shortcuts and sneaky little tricks that will make you faster better and have more fun using Mac OS 10.4 Tiger Nothing but the tips You're not going to find complicated descriptions on how to configure a network how to partition a hard drive or lines and lines of scary looking UNIX code instead this book is nothing but cool tips and it's all written in Scott's casual plain English style so you can start using these tips today Plus this book does the standard sidebar tip one better by including a clear screen capture with nearly every tip so you can see exactly how it's all done Not just tips Killer tips To be in this book every tip has got to be a Killer Tip the kind of tip that makes you nod and smile then call all your Mac buddies to tune them up with your new found power Scott's a total hip hound in fact it was Scott who created the entire smash bestselling Killer Tips book series and he doesn't hold anything back it's all here from the man who literally wrote the book on cool productivity tips If you like doing things the easy way if you like getting twice the work done in half the time and if you get a kick out of knowing all the inside secrets and undocumented shortcuts that will wow your friends and coworkers you're absolutely going to love this book

The Mac OS X Conversion Kit Scott Kelby, 2011-09-30 If you've been using Mac OS 8 or OS 9 and you want to start using Mac OS X Panther today and we literally mean today there is no easier way than this ingenious new book from Mac Design magazine's

Editor in Chief Scott Kelby Here's how the book works on the left page it shows how you did a particular task back in Mac OS 9 and on the right page it shows you exactly how it's now done in Mac OS X Panther It couldn't be easier The whole book every page is in crisp full color with clear concise plain English descriptions that let you start using Mac OS X today immediately without having to learn the whole operating system first It's like having a friend nearby with all the answers when you get stuck and wonder how to I do that in Mac OS X just turn to that task and there it is the left page shows the old way the right page shows the new way If you're one of those people who believe like we do that the best ideas are the simple ones you'll absolutely love this book If you want to start using Mac OS X today if you want to unlock its power stability features and fun today this is the book that will do it There are no in-depth explanations about networking no UNIX commands or how to hack the system and no detailed descriptions of how it all works and why In short it's not a tell me all about it book it's a here's how to do it book and that's why it works so amazingly well Plus if you look up how to do a particular task and Mac OS X offers new features new shortcuts or new options that weren't available in Mac OS 8.9 and there are plenty in Panther Scott includes those too using the same right to the point conversational writing style that made his Mac OS X Killer Tips book a smash bestseller We can't imagine an easier faster or more fun way to convert to Mac OS X and really start using it today
