Mountain of My Dreams Richard T. Antony,2007-07 In the late 1970s Richard convinced his wife Sandra they should leave their promising professional careers and comfortable suburban lifestyle to start an azalea nursery in the foothills of the Blue Ridge Mountains With no horticultural training or business experience few mechanical skills and absolutely no idea what they were getting themselves into numerous adventures followed In the third book in the planned four book series Richard continues the couple s colorful story a story of triumph and despair of high expectations and harsh reality and of the people who touched their lives along the way In the tradition of Laura Ingalls Wilder s Little House series Mountain of My Dreams shares the true story of one family s memorable often remarkable 30 year journey Much more than just another back to the land chronicle this is a heartwarming tale of a man a woman and their belief in each other If you ve ever wondered why the less traveled road is less traveled you need to read their story *Branding Masculinity* Elizabeth Hirschman,2016-01-22 Branding Masculinity examines two ideologies of masculinity one typifying rural agricultural areas and the other found in urban business settings Comparisons are made between these two current forms of masculinity and both similarities and differences are identified Six product categories compose the Constellation of Masculinity for both groups Hirschman selects a masculine prototype brand from each category and presents a detailed analysis of the images

language and marketing actions used to create the brand's masculinity over time. Using her method, marketers for other brands will be equipped to enhance the masculine status of their brands as well. Branding Masculinity proposes that masculine brands are made, not born. Masculinity is an enduring cultural ideal which can be attached to a variety of products and brands by the appropriate use of symbols, icons, and images. Scholars from various disciplines within the fields of branding, marketing, public relations, and corporate identity will see this book as vital in continuing the academic discourse in the field. It will serve as a respected reference resource for researchers, academics, students, and policy makers alike. **The Publishers' Trade List Annual**, 1985 *John Deere Shop Manual*, 1959 *EPA National Publications Catalog*, United States.
