Ollek,2008-08 This book chronicles God s involvement with America in the past up to the present times While researching America s birth it is easy to witness the hand of God working through faithful men to help create the foundations of this great country This is easily demonstrated through the words of the Founding Fathers and the miraculous victory of a small rag tag militia over the world s greatest superpower of the day Great Britian The author also demonstrates amazing parallels between the formation of this country and God s work in the creation of Israel in the days of David and Solomon During the middle 1800s many religions and philisophies began to pervade the American consciousness Many cults found there growth out of this time peroid and the world was reshaped by the philosophical outgrowth of Darwinism and his godless explanation of the evolution of life Eugenics followed on the heels of Darwinism which set the stage for the bloodiest century in the history of humanity This paradigm shift in the American consiousness reached its full fruition in the creation of the Federal Reserve the Great Depression and the carnage of WWI and WWII Humanity s answer to the carnage of WWII was not to repent to a Holy God but to create the foundation of a One World Superstate known as the United Nations The United Nations will never be able to achieve its stated goal as long as the United States is more powerful that this organization Nevertheless since the U S has drifted so far from God s word we find that the ultimate fate of our country is sealed by our revelations of God and His judgment You will be amazed to discover just how much the bible has to say about America s future D and B Million Dollar Directory ,2011 Ward's Business Directory of U.S. Private and Public Companies ,2009
