

ITGS – EXTENDED ESSAY

What is an Extended Essay?

"The extended essay is an in-depth study of a focused topic chosen from the list of approved Diploma Programme subjects — normally one of the student's six chosen subjects for the IB diploma. It is intended to promote high-level research and writing skills, intellectual discovery and creativity. It provides students with an opportunity to engage in personal research in a topic of their own choice, under the guidance of a supervisor (a teacher in the school)." [IBO Extended Essays 2009]

A student will spend about 40 hours on the Extended Essay.

How long is an Extended Essay?

The upper limit of 4000 words includes the introduction, the body, the conclusion and any quotations, but does not include:

- o the abstract (limit 300 words)
- o acknowledgements
- o the contents page
- o maps, charts, diagrams, annotated illustrations and tables
- o the references/bibliography
- o appendices

Relationship to the Learner Profile

"The research process necessarily involves intellectual risk-taking and extensive reflection; open-mindedness, balance and fairness are key prerequisites for a good extended essay." [EE Guide]

How is it assessed?

The total score is out of 36 and five grades can be awarded

- A Work of an excellent standard
- B Work of a good standard
- C Work of a satisfactory standard
- D Work of a mediocre standard
- E Work of an elementary standard

Award of Diploma Points

The extended essay contributes to the overall diploma score through the award of points in conjunction with Theory of Knowledge. A maximum of three points are awarded according to a candidate's combined performance in both the extended essay and Theory of Knowledge. [The above information has been taken from the Extended Essay Guide - first exams 2009]

Please note from May 2010 a candidate who scores an E for the Extended Essay will fail the Diploma

What makes a good EE question? Ask yourself the following questions

Is the topic too broad eg Computer Crime? You can't research all crime in the world.

What exactly do you want to find out?

How can you limit the context eg study one business, one group of people?

Does the topic include everything you want and exclude everything you do not want?

Are you able to access all the material you will need for this topic?

Can you state your topic in one sentence?

Can you ask a research question to limit the scope? (Do not use "yes/no" question.)

Have you looked at each word in your research question and restricted its scope?

What is your research sample - how many people will you interview/survey, over what period?

Have you checked the meaning of each technical word?
