Long And Hard Interracial Sex In Public:

Public Address and Moral Judgment Shawn J. Parry-Giles, Trevor Parry-Giles, 2009 Public Address and Moral Judgment offers a critical look at the ways in which public address can enact moral codes articulate moral judgments and manifest ethical tensions Each chapter carefully examines specific examples of public address for their moral dimensions exploring how public address functions to articulate and express the ethical tensions of its time and context The contributors highlight important and often different ways that public address works to expose problematics in ethical tensions problematics of language and imagery metaphor and character genre and definition The authors are also mindful of the tenuous relationship that exists between rhetoric and morality between situated public address and a society's ethical foundations The essays in Public Address and Moral Judgment on topics ranging from WWII propaganda to the civil rights rhetoric of President George H W Bush to the photographs from the Abu Ghraib prison consider the powerful role of public discourse in the constitution of a moral code for the American people

Equality Charles Postel, 2024-09-04 An in depth study of American social movements after the Civil War and their lessons for today by a prizewinning historian The Civil War unleashed a torrent of claims for equality in the chaotic years following the war former slaves women's rights activists farmhands and factory workers all engaged in the pursuit of the meaning of equality in America This contest resulted in experiments in collective action as millions joined leagues and unions In Equality An American Dilemma 1866 1886 Charles Postel demonstrates how taking stock of these movements forces us to rethink some of the central myths of American history Despite a nationwide push for equality egalitarian impulses oftentimes clashed with one another These dynamics get to the heart of the great paradox of the fifty years following the Civil War and of American history at large Waves of agricultural labor and women's rights movements were accompanied by the deepening of racial discrimination and oppression Herculean efforts to overcome the economic inequality of the first Gilded Age and the sexual inequality of the late Victorian social order emerged alongside Native American dispossession Chinese exclusion Jim Crow segregation and lynch law Now as Postel argues the twenty first century has ushered in a second Gilded Age of savage socioeconomic inequalities Convincing and learned Equality explores the roots of these social fissures and speaks urgently to the need for expansive strides toward equality to meet our contemporary crisis

Absence of National Feeling Michael J. Steudeman, 2025-08-15 Before the start of the Civil War the US Congress seldom took up the question of education deferring regularly to a tradition of local control In the period after the war however education became a major concern of the federal government Many members of Congress espoused the necessity of schooling to transform southern culture and behavior secure civil rights and reconstruct the Union Absence of National Feeling Education Debates in the Reconstruction Congress analyzes how policymakers cultivated a rhetoric of public education to negotiate conflicts over federalism and civic belonging in the aftermath of the Civil War Reconstruction Era advocates embraced education as a way to orchestrate the affective life of Americans They believed education could

marshal feelings of hope love shame and pride to alter Americans predispositions toward other citizens The most assertive educational advocates believed that schools would physically bring together children divided by race or religion fostering shared affinities and dissolving racial hierarchies Schooling promised to be an emotional adhesive holding together the North and South and facilitating US expansion into the West Through protracted debates over national education funding the fate of the Freedmen s Bureau and school desegregation members of Congress negotiated schools potential as a vehicle for social change By Reconstruction s end most members of Congress accepted schooling as an element of national reconciliation To reach this tenuous consensus though legislators sacrificed their call for schools to intervene in the feelings of prejudice resentment and superiority that sustained the culture of slavery Rejecting a transformative educational vision Congress took another tragic step in its abandonment of Reconstruction Focusing on the words spoken in the Reconstruction Congress Absence of National Feeling contends that educational rhetoric appealed to legislators debating whether the federal government could or even should alter public feeling Tracing congressional transcripts between 1865 and 1877 author Michael J Steudeman illustrates that these debates lastingly helped to both define and delimit the possible trajectories of education policy

The Rule of Law and the Rule of God S. Ilesanmi,W. Lee,J. Parker,2014-10-09 This book examines the competing regimes of law and religion an offers a multidisciplinary approach to demonstrate the global scope of their influence It argues that the tension between these two institutions results from their disagreements about the kinds of rule that should govern human life and society and from where they should be derived

The Civil Rights Movement Bruce J. Dierenfield,2021-06-28 Now in its second edition The Civil Rights Movement The Black Freedom Struggle in America recounts the extraordinary story of how tens of thousands of African Americans overcame segregation exercised their right to vote and improved their economic standing and how millions more black people along with those of different races continue to fight for racial justice in the wake of continuing police killings of unarmed black men and women In a concise chronological fashion Bruce Dierenfield shows how concerted pressure in a variety of forms has helped realize a more just society for many blacks though racism is far from being extinguished The new edition has been fully revised to include an entire chapter on the emergence of the Black Lives Matter movement In addition the black experience in the slave and Jim Crow periods has been expanded and greater emphasis has been placed throughout on black agency The book also features revised maps new primary documents and an updated further reading section that reflects recent scholarship This book will provide students of American history with a compelling and comprehensive introduction to the Civil Rights Movement

Control and Freedom Wendy Hui Kyong Chun,2006 Wendy Hui Kyong Chun explores the current political technological

coupling of freedom with control by tracing the emergence of the Internet as a mass medium She argues that the parallel myths of the Internet as total freedom total control stem from our reduction of political problems into technological ones

Out/lines Thomas Waugh,2002 OUT LINES features a resurrection of erotic gay images that circulated in clandestine communities during the 100 years before Stonewall including 200 previously unpublished obscene images which will both broaden and tantalise our view of queer culture with their surprising range of historical styles and motifs including the work of legendary erotic artist Tom of Finland Complemented by 8 pages in full colour Waugh s historical rigorous narrative explores the cultural and erotic dynamics and the social context in which these secret sexual images were created *The*

New Leader ,1997 *The Survey* ,1928 **Race Mixing** Suzanne W. Jones,2006-02-15 In the southern United States there remains a deep need among both black and white writers to examine the topic of race relations whether they grew up during segregation or belong to the younger generation that graduated from integrated schools In *Race Mixing* Suzanne Jones offers insightful and provocative readings of contemporary novels the work of a wide range of writers black and white established and emerging Their stories explore the possibilities of cross racial friendships examine the repressed history of interracial love reimagine the Civil Rights era through children s eyes herald the reemergence of the racially mixed character investigate acts of racial violence and interrogate both rural and urban racial dynamics Employing a dynamic model of the relationship between text and context Jones shows how more than thirty relevant writers including Madison Smartt Bell Larry Brown Bebe Moore Campbell Thulani Davis Ellen Douglas Ernest Gaines Josephine Humphreys Randall Kenan Reynolds Price Alice Walker and Tom Wolfe illuminate the complexities of the color line and the problems in defining racial identity today While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities and a broader definition of community and identity Closely reading these stories about race in America *Race Mixing* ultimately points to new ways of thinking about race relations We need these fictions Jones writes to help us imagine our way out of the social structures and mind sets that mythologize the past fragment individuals prejudice people and divide communities **The Politics of Interracial Sexuality in the Post-Civil Rights Era US** Jared
