

Qu'est ce que la normalisation ?

La normalisation est une activité d'intérêt général qui a pour objet de fournir des documents de référence.

C'est le processus qui consiste à établir à l'égard de problèmes réels ou potentiels d'un secteur, des dispositions pour un usage commun et répété, visant à obtenir un degré optimal dans un contexte donné.

L'islam Des Jeunes Entre La Contestation Et La Normalisation:

L'islam des jeunes : entre la contestation et la normalisation , **L'islam des jeunes : entre la contestation et la normalisation** , Contester au Moyen Âge Société des historiens médiévistes de l'enseignement supérieur, 2019 Les sociétés médiévales accordent une grande importance à la culture de l'obéissance au respect de la tradition et au principe hiérarchique. Mais elles sont aussi régulièrement secouées par toutes sortes de rébellions de dissidences ou de révoltes voire par de véritables révolutions. Ces différentes figures de la contestation ont constitué un domaine de recherche majeur dans les années 1960-1970 porté par les vents de l'époque avant d'être délaissés ou traités de façon plus parcellaire. L'heure où les nouvelles recherches sur l'hérésie revisitent les rapports entre obéissance et rébellion ou l'histoire intellectuelle réexamine la destinée de figures contestataires et où les grandes révoltes paysannes urbaines ou nobiliaires suscitent un net regain d'intérêt il convenait de rouvrir le dossier sans nécessairement voquer l'anniversaire de la Jacquerie paysanne de 1358 ni l'actualité brûlante du mouvement des gilets jaunes. C'est ce qu'a entrepris le XLIX^e Congrès de la Société des historiens médiévistes de l'Enseignement supérieur public à Rennes en 2018. Les études rassemblées dans ce volume explorent ainsi tour à tour la manière dont les sociétés latines byzantines ou musulmanes du Moyen Âge ont dit et défini les contestations, les motifs variés qui animaient dissidents ou révoltés et les formes que prit la remise en cause de l'ordre établi avant de s'interroger sur la fin des contestations et leurs effets par delà leur déroulement souvent tragique et leur mémoire dissonante. Page 4 de la couverture

Les jeunes et les valeurs religieuses Rahma Bourqia, 2000 Contribution à une sociologie des attitudes religieuses, cette étude porte sur la manière dont les jeunes expriment dans les sociétés arabo-islamiques leur sentiment religieux d'une manière directe ou indirecte, notamment lors de leur prise de parole sur le culte des saints et la tolérance ou sur leur vie personnelle, la contraception et la sexualité. **Islam et contestation au Maghreb** Abderrahim Lamchichi, 1989 **L'Islam intérieur**
