Gleason's Literary Companion ,1864 **Martyrs' Mirror** Adrian Chastain Weimer,2011-09-20 Martyrs Mirror examines the folklore of martyrdom among seventeenth century New England Protestants exploring how they imagined themselves within biblical and historical narratives of persecution Memories of martyrdom especially stories of the Protestants killed during the reign of Queen Mary in the mid sixteenth century were central to a model of holiness and political legitimacy The colonists of early New England drew on this historical imagination in order to strengthen their authority in matters of religion during times of distress By examining how the notions of persecution and martyrdom move in and out of the writing of the period Adrian Chastain Weimer finds that the idea of the true church as a persecuted church infused colonial identity Though contested the martyrs formed a shared heritage and fear of being labeled a persecutor or even admiration for a cheerful sufferer could serve to inspire religious tolerance The sense of being persecuted also allowed colonists to avoid responsibility for aggression against Algonquian tribes Surprisingly those wishing to defend maltreated Christian Algonquians wrote their history as a continuation of the persecutions of the true church This examination of the historical imagination of martyrdom contributes to our understanding of the meaning of suffering and holiness in English Protestant culture of the significance of religious models to debates over political legitimacy and of the cultural history of persecution and tolerance Western American Literature ,2012 **Feminism in Literature: 20th century, topics**
