Knowing Yourself How Well Do You Know Yourself:

How Good Do You Want to Be? Nick Saban, Brian Curtis, 2007-12-18 The winning philosophy for creating and inspiring success that will help you triumph at work and in life from renowned football coach Nick Saban with a foreword by Bill Belichick Excellence doesn't happen overnight It comes from hard work consistency the drive to be the best and a passion for what you do Few understand this better than Nick Saban With more than three decades of experience as a player and coach Saban has worked alongside some of the game's legends and has seen firsthand how great leaders encourage greatness in others In this candid and thoughtful guide he shares his unique wisdom Organization Organization Organization Create an environment where everybody knows his or her responsibilities and each is responsible to the entire group Motivate to Dominate Understand the psychology of teams and individuals and use that knowledge to breed success No Other Way than Right Practice ethics and values and demand the same from your team Look in the Mirror Maintain an understanding of who you are by knowing your strengths and your weaknesses How Good Do You Want to Be is more than the story of how Nick Saban motivates his staff and players to excel it is also the memoir of one of America's most successful coaches Filled with instructive anecdotes and illuminated by never before told stories of his life and career this is a book that challenges and inspires us all to be our best

Mastering Individual Effectiveness Nancy A. Mercurio, Jeffrey King, 2001-10 Globalization as a phenomenon has had an inordinate impact on the teaching and practice of anthropology These papers and essays address

the methodological problems that have arisen and in so doing fill a major gap in the contemporary study and teaching of the subject The Dangers of the Crowd Justus Izuchukwu Onuh,2019-09-19 The book The Danger of the Crowd evokes a feeling of agoraphobia by its title but upon reading the content one would be accompanied into a world of anamnesis by a reflective seminarian whose creative mind is second to none The book is premised in the uniqueness of an individual and his inherent potential of making it to the high echelons of life without necessarily being a man of the crowd that is someone whose decisions and actions are being determined by the crowd Suffice it to say that greatness evolves from singleness in the right disposition of it while failure might take its root from the influence of the crowd By dint of birth we are launched into the world just as death takes us away from the world The two events are imperative accounts of our mission here on earth and they are divine calls which must be answered by an individual alone This makes our individualities a necessary seed to fertilize the larger goal of life our life s purpose Aptly Izuchukwu Onuh uses eagle eyes to narrate the contemporary challenges in our society which stem from our personal lifestyles and misunderstood self identities and how these challenges blunt the edges of our social life and make the social system a rotten one Deploying moving stories and garnished styles of writing he calls our minds to a life of quietude and solitude the very state in which God can be encountered and good decisions made A masterpiece this book is as timely as it is all round nourishing especially in the present Nigerian situation that is challenged daily by noise many speakers and few listeners Take this book and do a simple exercise withdraw from talking and listen to the author s voice and your own responding voice that would soon form a paragon a promising breed
