**Cambridgeshire Kitcheners** Joanna Costin, 2016-11-30 In the opening months of the First World War 1 500 men from Cambridgeshire came forward to serve their country as a battalion in Kitchener's New Army They came from the city and they came from the fields Many had never left the county before let alone their country and all too many would never return Whether farm laborers shop assistants bricklayers chauffeurs university scholars or college porters men from all walks of life united and became the Cambridgeshire Kitcheners Sent to the Western Front in January 1916 they took part in some of the bloodiest battles of the war including the Battle of the Somme One hundred and eighty seven men lost their lives on 1 July 1916 most within a few minutes of each other as they marched over the top into no man's land and shell and machine gun fire This was not the end of their story In early April the battalion saw fierce fighting during the Battle of Arras and in a doomed assault on a heavily fortified position near Roux at the end of the month In 1918 they resisted the German Spring Offensive never falling back without orders despite parts of the battalion becoming cut off and nearly surrounded during the fighting Mixing personal accounts with official documents this is the story of the Cambridgeshire Kitcheners's war Their momentous efforts are explained throughout this book which is a timely reminder of this heroic battalion's dedication skill and bravery

Stubbs,2002-09-30 When war broke out in Europe in 1914 nearly every combatant foresaw a short decisive conflict Experience would soon prove however that this belief was sorely misplaced Eventually excessive economic dislocations would topple every authoritarian regime Only the intervention of the United States would save the British and the French from collapse This book traces the trilateral struggle between the Entente the Central Powers and the United States to determine the outcome of the war Stubbs focuses on a few essential factors vital to understanding this three way race the acquisition of war materiel food human resources and the movement of each In an analysis of coalition strategies it is not enough to study the memoirs and memoranda of General Staffs or political figures engaged in war One must also examine the roles played by each population their industries economy means of transportation and the financial decisions that make such strategies possible In short the material foundations of war set the boundaries within which strategic maneuvers occur Ultimately the United States determined the outcome of the First World War not simply because it provided the last untapped reservoir of manpower but due to its overall economic contributions to the allied effort     **The Moynihan Brothers in Peace and War, 1908-1918** Deirdre McMahon,2004 The book comprises correspondence between two brothers Michael and John Moynihan who came from a prominent political family in Tralee Co Kerry It covers the period 1909 18 during which Michael attended university in Dublin joined the Inland Revenue moved to
