Les Dieux De Cluny:

The Political Writings from Alienation and Freedom Frantz Fanon, 2020-09-17 Frantz Fanon's political impact is difficult to overestimate. His anti-colonialist philosophical and revolutionary writings were among the most influential of the 20th century. The essays, articles, and notes published in this volume cover the most politically active period of his life and encapsulate the breadth, depth, and urgency of his writings. In particular, they clarify and amplify his much-debated views on violent resistance. These works provide new complexity to our understanding of Fanon and reveal just how relevant his thinking is to the contemporary world and how important his ideas are to changing it.

Late Iron Age Gold Hoards from the Low Countries and the Caesarian Conquest of Northern Gaul Nico Roymans, Guido Creemers, Simone Scheers, 2012-05-14 Presentatie van acht recent ontdekte Keltische goudschatten uit het zuiden van Nederland en België bestaande uit gouden munten en gouden ornamenten die een bijdrage leveren aan de archeologie, geschiedenis en numismatiek van de Keltische periode in de Lage Landen in de tijd vlak voor en tijdens de Romeinse verovering van Julius Caesar.

Late Iron Age Gold Hoards from the Low Countries and the Caesarian Conquest of Northern Gaul Guido Creemers, Nico Roymans, Simone Scheers, 2025-10-01 This volume presents eight new Iron Age gold hoards from the southern Netherlands and Belgium consisting of gold coinages and in several cases also gold ornaments. The study of these hoards provides a wealth of new information on the archaeological contexts in which they were found, on the dating of many coin types and jewellery, and on the social role of gold in pre-Roman society. All these hoards seem to have been buried in the 50s BC, thus making a direct association with the historical context of Caesar's war campaigns in Northern Gaul very plausible. This makes the volume important for archaeologists as well as numismatists and historians.

Amsterdam Archaeological Studies is a series devoted to the study of past human societies from the prehistory up into modern times, primarily based on the study of archaeological remains. The series will include excavation reports of modern fieldwork, studies of categories of material culture, and synthesising studies with broader images of past societies, thereby contributing to the theoretical and methodological debates in archaeology.
