Early Childhood Math Routines Antonia Cameron, Patricia Gallahue, Danielle Iacoviello, 2023-10-10 One of the many challenges facing early childhood teachers is how to meet academic standards while creating learning environments that honor young children's mathematical curiosity. In *Early Childhood Math Routines: Empowering Young Minds to Think*, author Toni Cameron introduces us to a set of short whole group and partner routines designed to engage young children in meaningful math thinking and build problem-solving communities. With contributions from Patricia Gallahue and Danielle Iacoviello, Cameron reimagines traditional math routines and introduces brand new routines that focus on the important mathematical ideas of early childhood. Through stories, classroom examples, and resources, Cameron offers you the tools to get started right away with these routines. Inside you'll find the following resources: Innovative routines of student-teacher dialogue and teaching analysis to support you in planning and facilitating. Clear explanations of the big mathematical ideas in early childhood math. Access to a robust companion website which includes downloadable and printable cards, gameboards, over 30 slide decks for facilitating routines, additional practice routines, supplemental readings, and a place value interview assessment. A day-by-day suggested planning guide to introducing and developing each routine in your classroom. Learn from Cameron's experience supporting the complexities of early childhood mathematics while also building communities that foster social, emotional, and cognitive development in young children. Get the tools and routines that will help you connect children to mathematics in a way that is exciting and powerful.
