## Maths Lit Grade 10 Caps Exam:

**Assessing Academic Literacy in a Multilingual Society** Albert Weideman, John Read, Theo du Plessis, 2020-11-02  
South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience.

**Conning Harvard** Julie Zauzmer, Xi Yu, 2013-09-03  
In 2011 a 24 year old man pled guilty to falsifying his application to Harvard University bilking the world's most prestigious university out of more than 45 000 in prizes and scholarships. Using forged SAT scores transcripts and letters of recommendation Adam Wheeler outsmarted Harvard's admissions office and then went even further. Once accepted into the Ivy League he kept lying cheating and succeeding winning thousands of dollars in prizes and grants. But then he shot too far. During his senior year Wheeler applied for Rhodes and Fulbright scholarships a gamble that finally exposed his extensive tangle of lies. Alerted that he was under suspicion Wheeler fled Harvard but did not stop. He successfully filed more fraudulent applications at top tier schools across the country until some vigilant admissions officers Massachusetts police and even his own parents forced him off his computer and into court. As reporters for The Harvard Crimson Julie Zauzmer and Xi Yu covered the case from the moment the news of Wheeler's indictment broke. In the course of their reporting they interviewed dozens of friends roommates teachers and advisors who knew Wheeler at the many phases of his suspect academic career. Their fascinating account reveals how one serial scammer took on the competitive world of the Ivy League and almost won.
