**Language from a South African Township School** Lara-Stephanie Krause-Alzaidi,2021-12-20 Using data from a long term ethnographic study of English language classrooms in a South African township this book highlights linguistic expertise in a setting where it is not usually expected or sought Rather than being peripheral and unskilled South African township teachers and learners emerge as skilled re languagers central to the workings of South African education and to our understanding of how language classrooms work This book foregrounds the heterogeneity flexibility and creativity of day to day language practices that African urban spaces are known for and conceptualises language teaching not as a progression

from one fixed language to another but as a circular sorting process between linguistic heterogeneity languaging and  
 homogeneity a standard language      **Corporate Social Investment Handbook** ,2004      **OBE for FET mathematical
