

Analysis "A Modest Proposal" by Jonathan Swift

2 pages | 491 words

'A Modest Proposal' is a sarcastic leaflet that inspects the disposition of the rich towards the poor starving youngsters in their general public. Jonathan Swift uses various explanatory gadgets adequately. He utilizes consistent errors in reasoning, rhetorical devices, repetition and parallelism just as amusingness, mockery, and satirical tone to feature these negative mentalities. Swift effectively persuades the audience that the English landlords are making use of the penniless Irish by using the rhetorical triangle that consists of ethos, logos and pathos to make a good argument in the writing.

Swift uses fallacies to make his argument in this writing. His way of argument and thinking is incorrect and absence of validity in what is proposed. This is evident in this pamphlet, '[T]hat a young healthy child well nursed is at a year old a most delicious, nourishing, and wholesome food, whether stewed, roasted, baked, or boiled, and I make no doubt that it will equally serve in a fricassee or a ragout'(Swift 757) . He notes down that a youthful sound of a child is a delectable nourishment to be simmered, stewed and bubbled to be served and eaten. Besides, he has figured twenty thousand youngsters to be saved for rearing.

This dehumanizes the kids to resemble creatures. He further overstates by saying that the youngsters will be simmered like pigs. Swift knows that this proposition will influence numerous in light of the fact that no individual would need their kid to be butchered. '[P]revent those voluntary abortions, and that horrid practice of women murdering their bastard children'(Swift 757). This is a terrible conduct that is being contradicted wherever in the world.

A rhetorical device that Swift uses in his work is irony. He says, '[I] calculate there may be about two hundred thousand couples whose wives are breeders[...] how this number shall be reared and provided for' (Swift 757). This suggestion is ironic because it compares women to animals. Additionally, this makes a decent contention since people do not breed and can't be raised. He dehumanizes individuals and makes satire in this statement.

Swift in his plan of supporting his contention, he is sarcastic that specific body portions of a youngster are a great idea to eat. He further explains that on certain occasions, the body parts will be on request. '[T]hose who were more thrifty[...] may flay the carcass; the skin of which artificially dressed will make admirable gloves for ladies' is extremely disturbing and sickening, but still makes people imagine wearing babies as an accessory or an item of clothing (Swift 758).

He also brings many things that the audience is passionate about and associates them to his argument. Jonathan Swift's 'A Modest Proposal, ' uses ethos, logos, and pathos to effectively convince or persuade the audience that the English landlords are using the poverty-stricken Irish. Swift shows the effects of emotional reasoning and how it plays with the reader's mind.

A Modest Proposal by Jonathan Swift Jonathan Swift, 2025-03-22 A Modest Proposal is a satirical essay written by the renowned Irish author and social commentator Jonathan Swift published in 1729 This provocative piece has become one of Swift's most famous works and is often hailed as a masterpiece of satire Through razor sharp wit and scathing humor Swift addresses the dire social and economic conditions in 18th century Ireland urging readers to reflect critically on issues of poverty oppression and moral responsibility At first glance Swift's proposal appears straightforward yet shocking he suggests that impoverished Irish families should sell their children as food to wealthy diners as a means to solve both their economic woes and the problem of overpopulation This idea outrageous and macabre serves a greater purpose to draw attention to the neglect and exploitation of the Irish people by the English ruling class Swift's biting irony invites readers to consider the inhumanity of viewing the poor merely as a problem to be managed rather than as human beings deserving of dignity and respect Swift employs a logical and calculated style in presenting his proposal which makes the absurdity of his suggestion all the more striking By framing his arguments in a businesslike tone he mimics the detached rationalism often employed in economic discussions of the time He outlines the advantages of his proposal with calculated precision discussing the economic benefits and even providing calculations to illustrate how much a child could be worth on the market This chilling juxtaposition of cold logic and horrific content forces readers to confront their discomfort and reflect on the larger socio political issues at play Through the course of the essay Swift meticulously critiques both the British government and wealthy landlords who exploit the Irish population He highlights the systemic neglect faced by the impoverished depicting these individuals as victims of a callous socio economic environment The absurdity of his proposal

serves as a powerful indictment of the dehumanizing attitudes that allow such injustices to persist unchecked Swift's satirical lens reveals how the ruling class discusses and treats the poor ultimately prompting readers to question their complicity in societal problems Swift's use of irony amplifies the impact of his arguments For instance he suggests that poor families should treat their children as commodities yet he concurrently exposes the inherent absurdity in viewing human life through an economic lens His extreme proposition compels readers to grapple with the underlying truths about societal neglect and moral apathy Rather than offering a genuine solution Swift's essay demands that readers confront the immorality of maintaining the status quo challenging them to reflect on what it means to be humane in the face of suffering The title itself *A Modest Proposal* serves as a significant element of the satire The word modest is deliberately ironic juxtaposing the outrageousness of the proposal with a tone that suggests reasonableness and practicality This contrast prepares readers for the shocking content amplifying the impact of the message Swift's choice of language reinforces the satirical nature of the work as he articulates his ideas with a veneer of civility which ultimately highlights the grotesque nature of his proposition Throughout the essay Swift also employs vivid imagery and detailed descriptions which contribute to its emotional and psychological impact By painting a stark picture of the suffering experienced by the Irish population he elicits sympathy and outrage from his audience This vividness not only serves to shock but also reinforces the urgency of his critique emphasizing the human cost of inaction in response to poverty and inequality Ultimately *A Modest Proposal* transcends its historical context remaining relevant in contemporary discussions of social justice inequality and ethics The work challenges readers to consider the moral implications of their own actions and the treatment of marginalized populations Swift's audacity to confront societal issues with humor and irony continues to resonate today encouraging critical dialogues about economic policies and social responsibility In summary Jonathan Swift's *A Modest Proposal* stands as a brilliant example of satirical writing that combines humor with a piercing critique of societal norms and injustices Through his outrageous suggestion Swift forces readers to confront the dehumanization inherent in socio-economic discussions and the neglect of vulnerable populations His work challenges us to advocate for compassion and humanity in addressing social issues rather than perpetuating cycles of exploitation As readers engage with this masterfully crafted essay they are invited to reflect on their own roles in fostering a more equitable and just society

Poor People from Being a Burden on Their Parents or Country and for Making Them Beneficial to the Publick it expresses deep anger at the squalor and miserable conditions from which the Irish people was suffering in the eighteenth century Swift ironically suggests that poor Irish families could sell their children to rich Englishmen as an ultimate solution to their miseries The essay which is generally characterized by a rather bitter ironic and hyperbolic tone provides details of how to convert the problem that Irish children represent into its own solution He even dares to propose selling those children to meat markets to be served as food for the rich He ironically gives a complete analysis about how this weird solution would help combat unemployment and overpopulation and boost the country s economy What is worth noting however is that Swift does not put all the burden on the shoulders of English rulers rich men and Irish politicians Indeed the essay also represents a work of self criticism where the Irish masses are equally blamed for not being able to help themselves *Selected Essays of Edward P.
