

MODIFIED ESSAY QUESTION INSTRUCTIONS

1. This question comprises 9 questions
2. Answers should be brief concise and legible. Total time allowed is 1.5 hours
3. Answers should be written in the space provided; if more room is required, use a separate sheet and attach it to the booklet
4. In those questions where a definite number of answers is asked for do not give more than requested (the extra answers will not be marked in the examination).
5. You are warned not to alter your answers after completing the whole MEQ and not to look through the parts before you start. This way distort your natural assessment of the case and cause you to lose marks.
6. The MEQ is a test of your practical approach to a developing general practice problem and, as such, you could gain more marks for your management of the problem than for pure factual knowledge. You are advised, therefore, to consider what you would actually do or wish to do in the given situation.
7. In the examination, the available marks vary according to the question: you are advised to work steadily through and not to delay too long on any one question
8. Each part of the MEQ is marked independently. You should therefore answer each question specifically, even if this apparently involves repetition of part of the earlier answer
