Leonardo Da Vinci's Mona Lisa Jean-Pierre Isbouts (Ed), 2019-03-22 Art historians have long debated the question why sources about the origin of the Mona Lisa portrait provide conflicting information This monograph presents a solution for this quandary these 16th century sources don't agree because they are not talking about the same painting If we consider this possibility that Leonardo painted not one but two versions of

the Mona Lisa then all of these problems begin to resolve themselves In fact throughout his life Leonardo would often return to a motif or composition for a variety of reasons Thus we have at least two versions of The Virgin of the Rocks painted by Leonardo with the De Predis brothers in Milan and two versions of the Madonna of the Yarnwinder painted by Leonardo with his assistants in Florence In other words the proposition that Leonardo may have painted not one but two versions of the Mona Lisa is by no means far fetched Nonetheless it also raises an important question If Leonardo did paint an earlier version in addition to the Louvre Mona Lisa where is this portrait today And how can we determine whether this painting is indeed an autograph rather than one of the many Mona Lisa versions and copies that are still extant today The answers to these questions are provided in this book based on contributions by scholars from around the world They include Prof John Asmus of the University of California at San Diego Prof Vadim Parfenov at the State Electrotechnical University in St Petersburg Russia Prof tila Soares da Costa Filho of the Universidade C ndido Mendes in Rio de Janeiro Brazil Prof Jason Halter of the University of Michigan and Prof Robert Meyrick of Aberystwyth University In addition this monograph includes contributions by noted art critic G rard Boudin de l Arche and two prominent artists Albert Sauter and Joe Mullins The book is edited by Prof Jean Pierre Isbouts of Fielding Graduate University at Santa Barbara CA His previous publications on Leonardo da Vinci include The Mona Lisa Myth Young Leonardo The Evolution of a Revolutionary Artist and The Da Vinci Legacy co authored with Dr Christopher Brown

[Solving Mona Lisa](#) Ron Piccirillo, 2019-05-16 Hidden in Leonardo da Vinci's Mona Lisa is something no one has ever seen Ron Piccirillo stumbles upon it and follows a series of undiscovered clues leading to something bigger than anyone could have ever imagined Piccirillo takes us on a journey through his revolutionary discoveries as he solves the world's greatest enigma

Leonardo and the Mona Lisa Story Donald Sassoon, 2006 Five centuries after Leonardo da Vinci painted La Gioconda or the Mona Lisa her mysterious smile retains its celebrity status From photographs of Florence to paintings by Leonardo's Florentine contemporaries this work unlocks the history behind the painting and illustrates just how much she continues to influence our culture

Mona Lisa Dianne Hales, 2014-08-05 The book rests on the premise that the woman in the painting Mona Lisa is indeed the person identified in its earliest description Lisa Gherardini 1479-1542 wife of the Florence merchant Francesco del Giocondo Dianne Hales has followed facts from the Florence State Archives to the squalid street where Mona Lisa was born to the ruins of the convent where she died
