Modernism And The Christian Faith Routledge Revivals:

Modernism and the Christian Faith John Alfred Faulkner, 1921
Faulkner, 1922
Religion, Orientalism and Modernity Geoffrey Nash, 2022-01-06
Geoffrey Nash explores the emergence of the revolutionary Babist and reformist Baha'is and their conflict with mainstream Shia Muslims in Iran and of the parallel Ahmadi movement in North India. It gives fresh insights into the writings that defined these innovative movements penned on the one hand by their proponents and on the other by western interpreters. Comparing these movements shows that together they define important aspects of Islamic modernity. A focus on two case studies: Babist and Baha'is in Iran and Ahmadi in India reveals similarities and differences in their responses to a perceived need for change and renewal of religious authority.

Encyclopedia of Christianity in the United States George Thomas Kurian, Mark A. Lamport, 2016-11-10
From the Founding Fathers through the present, Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture. The *Encyclopedia of Christianity in the United States* outlines the myriad roles Christianity has played and continues to play. This masterful five-volume reference work includes biographies of major figures in the Christian church in the United States, influential religious documents and Supreme Court decisions, and information on theology and theologians, denominations, faith-based organizations, immigration, art, decorative arts, and film, to music and literature, evangelism, and crusades, the significant role of women, racial issues, civil religion, and more. The first volume opens with introductory essays that provide snapshots of Christianity in the U.S. from pre-colonial times to the present, as well as a statistical profile and a timeline of key dates and events. Entries are organized from A to Z. The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world, as well as a select yet comprehensive bibliography. Appendices help readers locate entries by thematic section and author, and a comprehensive index further aids navigation.

The Celtic Revival in Shakespeare's Wake A. Putz, 2013-05-14
This book reconsiders the Celtic Revival by examining appropriations of Shakespeare using close readings of works by Arnold, Yeats, and Joyce to reveal the pernicious manner in which the discourse of Anglo-Irish cultural politics informed the critical paradigms that mediated the reading of Shakespeare in Ireland for a generation.

Rethinking Church, State, and Modernity David Lyon, Marguerite Van Die, 2000-01-01
The contributors consider how Canada's religious experience is distinctive in the modern world, somewhere between the largely secularized Europe and the relatively religious United States.
Mapping Modern Mahayana Jens Reinke, 2021-01-18
This book presents a multi-sited ethnographic study of the global development of the Taiwanese Buddhist order Fo Guang Shan. It explores the order's modern Buddhist social engagements by examining three globally dispersed field sites: Los Angeles in the United States, America, Bronkhorstspuit in South Africa, and Yixing in the People's Republic of China. The data collected at these field sites is embedded within the context of broader theoretical discussions on Buddhism, modernity, globalization, and the nation-state.

By examining how one particular modern Buddhist religiosity that developed in a specific place moves into a global context the book provides a fresh view of what constitutes both modern and contemporary Buddhism while also exploring the social cultural and religious fabrics that underlie the spatial configurations of globalization **The Revival of Pragmatism** Morris Dickstein,1998-11-23 An assessment by a distinguished panel of experts on the impact of pragmatism on contemporary thought Forthcoming Books Rose Arny,2004 *The Publisher and Bookseller* ,1928 Official organ of the book trade of the United Kingdom Revivals, Baptists & George Rawlyk Daniel Corey Goodwin,2000 **The Faith of Modernism** Shailer Mathews,1924 *The Nation and Athenæum* ,1926 The Nation and Athenaeum ,1926 *The Literary Guide and Rationalist Review* ,1925 **The Modern Churchman** Henry Dewsbury Alves Major,1952 Vols for 1926 27 1954 include papers read at the annual conference of Modern Churchmen **Books of the Month** ,1937 **Foylibra** ,1937 Issues for Feb 1933 include the monthly book circle bulletin formerly the Book of the month bulletin The same material issued also by James Thin or Henry Sotheran ltd as Books of the month with which is incorporated The Book index monthly but omitting the monthly book circle bulletin Anglican and Episcopal History ,2002 Includes section Book reviews
