the CIA have waged a relentless mostly clandestine counter jihad in return Though Iran has become a quietly looming threat little has been revealed about this intelligence based war Now Ronen Bergman Israel s leading reporter and analyst of intelligence affairs has written a full account of this secret war He connected the dots of the long history of Iranian backed terrorist attacks and revealed for the first time many classified operations against the Iranian terrorist network including details about collaborations between Israel s Mossad and the CIA and FBI thrilling Mossad operations the successful recruitment of top insiders of Iranian intelligence who have disclosed a wealth of information about Iran s nuclear program as well as it s terrorist activities and the use of ultra sophisticated surveillance equipment to penetrate and damage Iranian targets From the Iranian proxy Hizbollah s planning of terrorists attacks from apartments in New York City to Iran s training of an army of work Iraqi insurgents in the techniques of suicide bombing and the making of improvised explosive devises he showed Iran has steadily waged war against the West

### **Secret War with Iran**

Ronen Bergman,2008 In the years since 9 11 the U S war on terror has focused on al Qaeda Afghanistan and Iraq Coverage of Iran has been devoted almost exclusively to its nuclear ambitions Yet as Ronen Bergman s groundbreaking reporting in this vital investigative history reveals for thirty years Iran has been the world s leading sponsor of global terror and stands as the most formidable sponsor of terror in the world today Bergman one of Israel s top investigative reporters gained unprecedented access to extraordinary sources from top to bottom in the Mossad and intelligence agencies around the world Based on over ten years of research and more than three hundred exclusive interviews with key intelligence figures he reveals that Iranian terrorist masterminds have crisscrossed the globe conducting bombings and assassinations with impunity even renting apartments and planning bombing attacks in New York City Iran s proxy Hizballah has virtually taken over southern Lebanon and threatens Israel with high powered weaponry supplied by Iran Iran and Hizballah worked closely with al Qaeda and other Sunni terrorist groups in developing their terrorist operations and Iranian commandos trained Iraqi insurgents in the crafts of suicide bombing and the building of the roadside bombs that have killed so many U S troops in Iraq In response and largely beneath the public s radar a vast clandestine war has been fought with Iran and Hizballah on one side and the CIA Israel s Mossad and their European counterparts on the other The full story of that secret war told for the first time here will fundamentally change the debate about U S national security priorities A new axis of evil is emerging from Iran and spreading around the world and Ronen Bergman shows that the CIA and Mossad have so far been unable to thwart it The Secret War with Iran is riveting and urgent

The Hypocrites Andrew M. Patterson, 2019-10-23 The Hypocrites is a narrative of the author s experiences in Iran along in relation to the historical impact of actions by the CIA and Mossad on the lives of Iranians The reader will understand that people of other countries are not so different than their own country There are the plots love of family lust treason lives deaths violence and always the hope for a better future The Islamic philosophy is of the idea that all men regardless of race ethnicity religion or political opinions that are perceived as confrontational today are what obscures the basic character of people all over the world How this affects people of Iran Yemen Pakistan Turkey Egypt Iraq India the USA and the British Empire are as diverse as can be imagined How do Persians Iranians view the English to Americans How was Iran controlled by the British but became allied in mind with the Germans who the British viewed as the enemy but Iran considered Germans friends How did the older generation love the French and then the Americans as the people they wanted to emulate While the Young Shah had to compromise with the foreign influences that wanted to exploit Iran he also improved the university education brought in

manufacturing technology that educated hundreds of thousands and that made an impact where other Islamic nations envied Yet the Shah was treated as a weakling by CIA Kermit Roosevelt who called him a sparrow when he should have been an eagle As James McMartin loses his beloved Zarin to leukemia the Shah loses his life as well Where the Shah was once welcomed he becomes the Pariah and shunned by the West but not by Sadat of Egypt or the King of Morocco While the US kept him at arms distance it sought to provide him with safe haven in Panama where the dictator Torrijos became infatuated with the Shahness He is later killed by the CIA for providing arms to the Sandinista democratic government of Nicaragua and not because Torrijos wife was the daughter of a wealthy New York Jew as the Mossad created the war in Nicaragua Nothing is simple and there are the actions of the head of the Arab world which come from former CIA counter intelligence people that make Black Ops and people are expendable as blood must be shed to make it believable From two innocent French girls to workers in the Bazaar they will lose their lives and no one knows the truth about how they were sacrificed James McMartin learns about Islam and its real meaning of brotherhood He learns how the Iranian people feel and love yet the author found no hate but there would be anger Iran was an empire that had Shia and Sunni Muslims Christians Zoroastrians Armenians Baluchis Arab Turkmen Uzbeks as well as Persian James finds himself in Khuzestan and the sugar cane plantation is sitting on top of the ancient city of Suza where the Prophet Daniel is buried and his body is kept in a small mosque in the village of Shush Suza where it is honored by Muslims who do not allow Christians or Jews to enter the Mosque There is the Islamic Haj to Mecca Makka that is shown and rationality of Islam that shows devotion to the One and Only God Was the famed Babylon the Door to Allah Bab Allah The Talmud comes from the Jews in Babylon that condemns this city built on the Euphrates River that remains a mystery and marvel today When Alexander the Great insisted the ruins he ordered it to be rebuilt But Suza could not be rebuilt as its conqueror ordered salt to be sown over the land so it could never be inhabited again Although the book is centered on Iran from 1958 to 1988 there is a small bit of ancient history included and ten pages of news from the New York Times Index to correlate everything as based on what is accepted as factual
