**Social Justice and Transformative Learning** Saundra M. Tomlinson-Clarke, Darren L. Clarke, 2016-03-10 The similarities between the United States and South Africa with respect to race power oppression and economic inequities are striking and a better understanding of these parallels can provide educational gains for students and educators in both countries Through shared experiences and perspectives this volume presents scholarly work from U S and South African scholars that advance educational practice in support of social justice and transformative learning It provides a comprehensive framework for developing transformational learning experiences that facilitates leadership for social justice and a deeper understanding of the factors influencing personal national and global identity Towards a holistic approach to support learners at risk of interrupted development Macalane J. Malindi, Johnnie Hay, Thabo Makhalemele, 2024-02-23 The COVID 19 pandemic and the restrictions that came with it led to unprecedented disruptions in learner development and put them at risk of poor developmental outcomes It is thus important that the extent of the disruption on their development and the support needs of learners be investigated Researching the impact of the disruption should focus on holistic development In this book the authors use multiple research approaches and methods of gathering data in their respective fields to examine the impact of the disruption and determine the support needs of learners Data gathered through the different methods are processed and findings are presented The findings have implications for both practice and future research in the fields of inclusive education learner support educational psychology movement education Life Orientation and curriculum development

**Climate Change, Energy, Sustainability and Pavements** Kasthurirangan Gopalakrishnan, Wynand JvdM Steyn, John Harvey, 2014-09-25 Climate change energy production and consumption and the need to improve the sustainability of all aspects of human activity are key inter related issues for which solutions must be found and implemented quickly and efficiently To be successfully implemented solutions must recognize the rapidly changing socio techno political environment and multi dimensional constraints presented by today s interconnected world As part of this global effort considerations of climate change impacts energy demands and incorporation of sustainability concepts have increasing importance in the design construction and maintenance of highway and airport pavement systems To prepare the human capacity to develop and implement these solutions many educators policy makers and practitioners have stressed the paramount importance of formally incorporating sustainability concepts in the civil engineering curriculum to educate and train future civil engineers well equipped to address our current and future sustainability challenges This book will prove a valuable resource in the hands of researchers educators and future engineering leaders most of whom will be working in multidisciplinary environments to address a host of next generation sustainable transportation infrastructure challenges This book proposes a broad detailed overview of the actual scientific knowledge about pavements linked to climate change energy and sustainability at the international level in an original multidimensional multi effects way By the end the reader will be

aware of the whole global issues to care about for various pavement technical features around the world among which the implications of modelling including data collection challenging resources saving and infrastructures services optimisation This is a complete and varied work rare in the domain Dr Agnes Jullien Research Director Director of Environmental Development Safety and Eco Design Laboratory EASE Department of Development Mobility and Environment Ifsttar Centre de Nantes Cedex France An excellent compilation of latest developments in the field of sustainable pavements The chapter topics have been carefully chosen and are very well organized with the intention of equipping the reader with the state of the art knowledge on all aspects of pavement sustainability Topics covered include pavement Life Cycle Analysis LCA pervious pavements cool pavements photocatalytic pavements energy harvesting pavements etc which will all be of significant interest to students researchers and practitioners of pavement engineering This book will no doubt serve as an excellent reference on the topic of sustainable pavements Dr Wei Hsing Huang Editor in Chief of International Journal of Pavement Research and Technology IJPRT and Professor of Civil Engineering National Central University Taiwan Handbook of Education Policy Research Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA's history addresses a variety of policy and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners **Leave no child behind** UNESCO, 2022-06-20 To leave no child behind UNESCO developed the first global report of this scope on boys disengagement from education bringing together qualitative and quantitative evidence from over 140 countries This report provides an overview on the global situation on boys disengagement from and disadvantage in education It identifies factors influencing boys participation progression and learning outcomes in education It also analyses responses by governments and partners and examines promising policies and programmes Finally it includes recommendations on how to engage boys with education and address disadvantage While girls continue to face severe disadvantages and inequalities in education the report shows that boys in many countries are at greater risk than girls of repeating grades failing to complete different education levels and having poorer learning outcomes in school No less than 132 million boys of primary and secondary school age are out of school They urgently require support As this report shows supporting boys does not mean that girls lose out and

vice versa Addressing boys disengagement not only benefits boys learning employment opportunities income and well being it is also highly beneficial for achieving gender equality and desirable economic social and health outcomes The Teaching and Learning Playbook Michael Feely, Ben Karlin, 2022-11-30 The Teaching and Learning Playbook is a book and online resource containing more than 100 techniques that teachers and school leaders can use to drive improvements in their schools Each technique includes a summary of what the technique is why it is important the effect size and a four step guide to how it should be performed The Playbook provides a unique tool for teachers to identify how they can improve their teaching and practise with absolute clarity on what they need to do next All techniques are accompanied by a video to show the technique in action and spotlight the four key elements with detailed audio commentary to make it easier for teachers to replicate These can all be found on the website [www.teachingandlearningplaybook.com](http://www.teachingandlearningplaybook.com) Codifying the key skills for every teacher to get better and for every school leader to drive improvements in their school the Playbook covers Routines for Learning Questioning and Checking for Understanding Modelling Explaining and Feeding Back Resilience Independence and Retrieval Curriculum Beyond the Subject Classroom This essential resource provides a clear framework for teachers and school leaders to improve teaching and learning Simple to use and easily integrated into CPD and coaching programmes the Playbook will take your teaching to the next level Applied Scientific Research and Engineering Developments for Industry Zhi Feng Liu, 2013-08-30 Selected peer reviewed papers from the 2013 International Conference on Mechanical and Electronics Engineering ICMEE 2013 August 17 18 2013 Tianjin China *Recent Development on Material Science and Environmental Material* Yu Cao, 2013-09-10 Selected peer reviewed papers from the 2013 International Conference on Application of Materials Science and Environmental Materials AMSEM 2013 July 5 7 2013 Zhangjia Jie China
