Begin the lesson by asking children if they know what emotions are. Call on volunteers to share what they know about emotions.

01

Next, show the children pictures of different emotions. Ask them to name the emotions they see in the pictures.

02

After that, hand out the emotion cards to each child. Have them match the facial expressions on the cards with the corresponding emotions.

03

Afterwards, have the children act out different emotions with their toy animals or puppets. Encourage them to use facial expressions and body language.

04

Finally, ask the children to draw a picture of themselves feeling a certain emotion. They can use markers and crayons to add color to their drawings.

05

Extension:

For older children, discuss how emotions can be caused by different triggers, such as events or people. You can also talk about how to manage difficult emotions healthily.

Assessment:

You can assess the children's understanding of the lesson by observing their participation in the activities and through their drawings.
