The music is written for a piano in 4/4 time, with a tempo of 126 beats per minute. The arrangement is divided into four systems, each containing a grand staff (treble and bass clefs). Measure numbers 1, 5, 9, and 13 are indicated at the start of their respective systems. The first system (measures 1-4) begins with a piano (*p*) dynamic. The second system (measures 5-8) continues the melody. The third system (measures 9-12) starts with a mezzo-piano (*mp*) dynamic. The fourth system (measures 13-16) concludes the piece. This book argues that the question posed by virtue theories namely what kind of person should I be provides a more promising approach to moral questions than do either deontological or consequentialist moral theories where the concern is with what actions are morally required or permissible It does so both by arguing that there are firmer theoretical foundations for virtue theories and by persuasively suggesting the superiority of virtue theories over deontological and consequentialist theories on the question of explaining morally bad behavior Virtue theories can give a richer account by appealing to the kinds of dispositions that make certain bad choices appear attractive This richer account also exposes a further advantage of virtue theories they provide the best kinds of motivations for agents to become better persons *Popular Science Monthly*
