*Vintage Red Roses Stationery Paper* Crafterly Paperie,2021-02-09      *Typography & Language in Everyday Life* Sue Walker,2014-06-03 *Typography and Language in Everyday Life* provides a detailed look at graphic as well as linguistic aspects of language and suggests there is much to be gained from collaboration between typographers and applied linguists. The first part of the book provides an introduction to aspects of typographic theory and history and suggests some areas of applied linguistics that offer approaches to studying graphic language. The second part comprises case studies which look at the relationship between prescription and practice for visual organisation by considering everyday display typography, house style and typing manuals and letter writing. Each of these subjects is looked at from historical and theoretical perspectives. Aimed at those who may be unfamiliar with theoretical and historical perspectives on the graphic aspects of language and with broad concepts in applied linguistics, the book also directs readers to areas of further reading in each of these fields. Extensively illustrated with examples of past and present graphic language, *Typography and Language in Everyday Life* is essential reading for students of typography, graphic design, applied linguistics and education as well as the general reader.

*Becoming a Woman in the Age of Letters* Dena Goodman,2009 In 18th century France, letter writing became extremely fashionable, particularly amongst women. In this work, Dena Goodman opens up the world of these women through the letters which they wrote. Concentrating on the letters of four women from different social backgrounds, she shows how they came to womanhood through their writing.      **Uncrossing the Borders** Daphne Lei,2019-07-01 Over many centuries, women on the Chinese stage committed suicide in beautiful and pathetic ways just before crossing the border for an interracial marriage. *Uncrossing the Borders* asks why this theatrical trope has remained so powerful and attractive. The book analyzes how national, cultural and ethnic borders are inevitably gendered and incite violence against women in the name of the nation. The book surveys two millennia of historical, literary, dramatic texts and sociopolitical references to reveal that this type of drama was especially popular when China was under foreign rule, such as in the Yuan, Mongol and Qing, Manchu dynasties, and when Chinese male literati felt desperate about their economic and political future due to the dysfunctional imperial examination system. Daphne P. Lei covers border crossing Chinese drama in major theatrical genres such as zaju and chuanqi, regional drama such as jingju, Beijing opera, and yueju, Cantonese opera, and modernized operatic and musical forms of such stories today.      *Floral Rustic Wood Stationery Paper* Crafterly Paperie,2021-02-11 *Floral Rustic Wood Stationery Paper* MEASURES 8 5x11 Letter Size 25 SHEETS per book.
