Letters From Prague 1939 1941:

Letters from Prague Raya C. Schapiro, Helga Weinberg, 2006-04-01 Raya Schapiro and Helga Weinberg found a box of letters among their mother's effects after her death in 1990. They were written by their grandmother and uncle trapped in Prague after the Nazi occupation to the girls' parents who had escaped to the United States in May 1939, leaving the two girls who were five and seven years old at the time behind. The 77 letters reprinted here span a period of two years during which the Nazis drew an ever-tightening noose of destruction around the Jews of Prague; each letter is followed by notes of explanation and amplification as well as notes on Nazi laws and official restrictions and the progress of war. Each letter has a censor's stamp on it; each envelope bears the still-frightening emblem of the Third Reich. The letters dramatically convey the tension growing daily of existence under the Nazis, and their tone becomes increasingly desperate as every avenue of escape reaches a dead end. Letters of a Nation Andrew Carroll, 1998-12-31

Spanning 350 years of American history and culture, a collection of more than two hundred letters, many never before published, reveals the personalities and feelings of Americans great and small, from Amelia Earhart to Elvis Presley to Malcolm X. Reprint **Notable American Women with**

Czechoslovak Roots Miloslav Rechcigl Jr., 2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women, this is not at all a reflection of the paucity of work done by these women, as this publication demonstrates. This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date. Included are not only individuals born on the territory of former Czechoslovakia but also their descendants. This project has been approached strictly geographically, irrespective of the language or ethnicity. Because of the lack of bibliographical information, most of the monograph comprises biobibliographical information in which area a plethora of information exists. As the reader will discover, these women have been involved practically in every field of human endeavor in numbers that surprise. On the whole, they have been noted for their independent spirit and nonconforming role. **Encyclopedia of Bohemian and**

Czech-American Biography Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States, H. E. Petr Gandalovic noted in his foreword to this book that M. Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America. The *Encyclopedia of Bohemian and Czech American Biography* is a unique and unparalleled publication. The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries, the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism. The encyclopedia has been planned as a representative, a comprehensive and authoritative reference tool encompassing over 7500 biographies. This prodigious and unparalleled encyclopedic *vade mecum* reflecting enduring contributions of notable

Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

The Holocaust in Bohemia and Moravia Wolf Gruner, 2019-09-03 Prior to Hitler's occupation nearly 120 000 Jews inhabited the areas that would become the Protectorate of Bohemia and Moravia by 1945 all but a handful had either escaped or been deported and murdered by the Nazis This pioneering study gives a definitive account of the Holocaust as it was carried out in the region detailing the German and Czech policies including previously overlooked measures such as small town ghettoization and forced labor that shaped Jewish life Drawing on extensive new evidence Wolf Gruner demonstrates how the persecution of the Jews as well as their reactions and resistance efforts were the result of complex actions by German authorities in Prague and Berlin as well as the Czech government and local authorities

American Men and Women in Medicine, Applied Sciences and Engineering with Roots in Czechoslovakia Miloslav Rechcigl Jr., 2021-02-17 No comprehensive study has been undertaken about the American learned men and women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on men and women in medicine applied sciences and engineering It covers immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them This compendium clearly demonstrates the Czech and Slovak immigrants including Bohemian Jews have brought to the New World in these areas their talents their ingenuity the technical skills their scientific knowhow as well as their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for their remarkable success and achievements of these settlers in the New World transcending through their descendants as this publication demonstrates The monograph has been organized into sections by subject areas i e Medicine Allied Health Sciences and Social Services Agricultural and Food Science Earth and Environmental Sciences and Engineering Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical vantage without regards to their native language or ethnical background Some of the entries may surprise you because their Czech or Slovak ancestry has not been generally known What is conspicuous is a large percentage of listed individuals being Jewish which is a reflection of high level of education and intellect of Bohemian Jews A prodigious number of accomplished women in this study is also astounding considering that in the 19th century they rarely had careers and most professions refused entry to them

Junipero Serra Letters from Prague 1939-1941, 1991 Czech Opera John Tyrrell, 1988 Opera is the grandest and most potent cultural expression of the nationalist movement which led to the establishment of the Czechoslovak Republic in 1918 During this period Czech opera developed into a genre of major artistic importance cultivated by composers of the stature of Smetana Dvorák and Janáček Czech Opera examines opera in its national contexts and is a study not only of operas written in

Czech but also of the specific circumstances which shaped them These include the historical and political background to the period the theatres in which Czech plays and operas were first performed and the composers and performers who worked in them The role of the librettists is given particular prominence and is complemented by a detailed chapter on the subject matter of the librettos shedding light on the subject matter of the historical and mythic background of the genre
