Biodeconstruction Francesco Vitale,2018-02-15 In Biodeconstruction Francesco Vitale demonstrates the key role that the question of life plays in Jacques Derrida s work In the seminar La vie la mort 1975 Derrida engages closely with the life sciences especially biology and evolution theory Connecting this line of thought to his analysis of cybernetics in Of Grammatology Vitale shows how Derrida develops a notion of biological life as itself a sort of text that is necessarily open onto further articulations and grafts This sets the stage for the deconstruction of the traditional opposition between life and death conceiving of death as an internal condition of the constitution of the living rather than being the opposite of life It also provides the basis for the deconstruction of the rigidly deterministic concept of the genetic program an insight that anticipates recent achievements of biological research in epigenetics and sexual reproduction Finally Vitale argues that this framework can enrich our understanding of Derrida s late work devoted to political issues connecting his use of the autoimmunitarian lexicon to the theory of cellular suicide in biology

Governing Agricultural Sustainability Phil Macnaghten,Susana Carro-Ripalda,2015-06-26 Although GM crops are seen by their

advocates as a key component of the future of world agriculture and as part of the solution for world poverty and hunger their uptake has not been smooth nor universal they have been marred by controversy and all too commonly their regulation has been challenged as inadequate even biased This book aims to understand these dynamics examining the impacts of GM crops in diverse contexts and their potentials to contribute to sustainable agricultural futures Part 1 draws on research from three global rising powers Brazil India and Mexico exploring the views of scientists farmers and publics Using a diverse array of ethnographic and qualitative methodologies the book examines the dynamics that have underpinned the controversy in three diverse geo political contexts the manner in which dominant institutional framings have been closely aligned with the interests of powerful elites and the multiple ways in which these have been resisted through local symbolic and material practices Part 2 comprises a series of short comment pieces from 11 leading social and natural scientists responding to the question of how to develop a policy framework for the responsible innovation of sustainable culturally appropriate and socially just agricultural GM technologies This innovative book offers new insights for researchers and postgraduates in Science and technology studies Agro ecology and Environmental Studies Development studies Anthropology Human Geography Sociology Political Science Public Administration Latin American studies and Asian studies

The Impact of Shared Vision on Leadership, Engagement, and Organizational Citizenship Richard Eleftherios Boyatzis, Kylie Rochford,Scott N. Taylor,2015-10-28 According to management and psychology courses as well as legions of consultants in organizational psychology shared vision in dyads teams and organizations can fill us with hope and inspire new possibilities or delude us into following false prophets However few research studies have empirically examined the impact of shared vision on key organizational outcomes such as leadership effectiveness employee engagement organizational citizenship coaching and organizational change As a result the field of organizational psychology has not yet established a causal pattern of whether if and how shared vision helps dyads teams and organizations function more effectively The lack of empirical work around shared vision is surprising given its long standing history in the literature Bennis and Nanus 1982 showed that distinctive leaders managed attention through vision The practitioner literature has long proclaimed that vision is a key to change while Conger and Kanungo 1998 discussed its link to charismatic leadership Around the same time positive psychology appeared in the forms of Appreciative Inquiry Cooperrider Sorensen Whitney Yaeger 2000

and Positive Organizational Scholarship Cameron Dutton Quinn 2003 In this context a shared vision or dream became a legitimate antecedent to sustainable change But again empirical measurement has been elusive More recently shared vision has been the focus of a number of dissertations and quantitative studies building on Intentional Change Theory ICT Boyatzis 2008 at dyad team and organization levels of social systems These studies are beginning to lay the foundations for a systematic body of empirical knowledge about the role of shared vision in an organizational context For example we now know that shared vision can activate neural networks that arouse endocrine systems and allow a person to consider the possibilities of a better future Jack Boyatzis Leckie Passarelli Khawaja 2013 Additionally Boyatzis Akrivou 2006 have discussed the role of a shared vision as the result of a well developed set of factors that produce a desired image of the future Outside of the organizational context positive visioning has been known to help guide future behavior in sports psychology Loehr Schwartz 2003 medical treatment Roffe Schmidt Ernst 2005 musical performance Meister Krings Foltys Boroojerdi Muller Topper Thron 2004 and academic performance Curry Snyder Cook Ruby Rehm 1997 This Research Topic for *Frontiers in Psychology* is a collection of 14 original papers examining the role of vision and shared vision on a wide variety of desired dependent variables from leadership effectiveness and executive performance to organizational engagement citizenship and corporate social responsibility and how to develop it through coaching *Scientific American* ,1914 The Publishers' Circular and Booksellers' Record ,1913 **Grain World** ,1916 *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events Engineering Record, Building Record and Sanitary Engineer ,1887 **The Engineering Record, Building Record and Sanitary Engineer** Charles Frederick Wingate, Henry C.
