 progress NAEP National Assessment of Educational Progress results are no longer afterthoughts Instead the results generate
 headlines and are at the forefront of discussion of what is working in schools and what needs to be changed As the scrutiny
 of NAEP results has increased the National Center for Education Statistics has provided more detailed reporting of the
 results and has increased the level of security of the assessment items Both the level of detail and the concern for item
 security have played prominent roles in the development of this book The foregoing changes make understanding NAEP and
 its consequences crucial for any educator This book provides a background on NAEP looks at 2003 mathematics achievement
 in different content areas discusses data on who is teaching mathematics in the United States and examines students
 perception of mathematics Additionally the book deals with results from NAEP broken down by race ethnicity and by gender
 analyses certain NAEP results with a focus on what is actually measured by those results and examines changes in NAEP
