Standing on the Premises of God Fritz Detwiler, 1999-12 The Christian Right is arguably the most significant social movement in the United States today In recent years these religious conservatives have loudly protested a public education system they believe no longer represents their interests or values Educators often dismiss critiques based on religious values as irrational or flimsy failing to appreciate the coherence of these criticisms from the Christian Right's own perspective While the Christian Right has become ever more sophisticated in its lobbying and powerful in its influence educators and parents find themselves lacking the background knowledge necessary to respond effectively to its efforts Standing on the Premises of God speaks directly to this dilemma explaining current incarnations of the Christian Right its leadership its intellectual and theological foundations and its tactics so that those interested in the debates over education will be better prepared to engage them constructively Taking the novel approach of framing the Christian Right as

a revitalization movement Detwiler shows how it seeks to effect cultural transformation in order to bring public education and our society more generally in line with its worldview His theoretical model provides insights into why education is so pivotal to the Christian Right and also assesses the religious viability of the Christian Right as a social movement

**Responsible Partisanship?** John Clifford Green, Paul S. Herrnson, 2002 More than fifty years have passed since the American Political Science Association published *Toward a More Responsible Two Party System* a controversial report that addressed the lack of national cohesion within the major parties Although parties have changed a great deal since then they remain a critical component of American democracy While the possibilities and limits of responsible party government have been central topics in the literature since 1950 this book is the first to reassess all aspects of the APSA report Here a distinguished group of scholars among them Charles O Jones Barbara Sinclair Frank J Sorauf John Bibby and Gerald Pomper examine the effectiveness accountability and relevance of parties to the democratic process These articles cover all major relevant topics focusing on recent changes in laws that govern parties innovations in party organization party finance and the relationships among political consultants and parties They examine the place of the party in government including chapters on the changing role of parties in Congress and in the presidency and also consider the roles of parties among the electorate examining trends in voting behavior party identification and ideology A capstone essay by Leon Epstein the dean of American party scholars reviews the ongoing quest for responsible partisanship over the past half century These contributors offer a mixed assessment of the two party system showing that parties are in many respects stronger at the national level than they were in 1950 but not necessarily more responsible The most comprehensive description and analysis of American parties now available *Responsible Partisanship* should become required reading for all students and citizens concerned with making parties more accountable instruments of government Lord Beaconsfield Thomas Power O'Connor, 1896 *The Book of Boston* Edwin Monroe Bacon, 1916 *Morning Telegraph's Racing Chart Book* ,1912 *Small Business Sourcebook* ,2007-12 **The Journal of the National Education Association** National Education Association of the United States, 1929 Real Estate Record and Builders' Guide ,1898 **Medium** ,2002 *The Official Guide of the Railways and Steam Navigation Lines of the United States, Puerto Rico, Canada, Mexico and Cuba* William Frederick Allen, Edwin Stevens Allen, Andrew J.
