recently adopted grandson is just icing on the complicated cake So the three of them are heading for the most complicated place in the universe they re going home But things on Earth have changed while Alice Thomas and Sally have been away The Covenant of St George antagonized by Verity's declaration of war and Sarah's temporary relocation of an entire college campus is trying to retake North America from the cryptids and cryptozoologists who ve been keeping the peace for the past hundred years And they re starting in New York Alice and company have barely been back for an hour before the Ocean Lady and the Queen of the Routewitches are sending them to New York to help and they find themselves embroiled in the politics of dragons kidnappings and of course the most dangerous people of all family Getting back to normal may be the hardest task Alice has undertaken yet
