Minding Amy English Edition:

Contemporary Children's and Young Adult Literature Charlotte Beyer, 2021-11-01 This book explores contemporary children's and young adult novels writing back to history and oppression. Divided into three distinct yet interconnected parts, this thematic study analyses selected novels from across the globe drawing on current critical debates to investigate how these narratives raise vital questions about identity, power, and language. Examinations of children's and young adult novels from Britain, Ireland, Sweden, the USA, Australia, and New Zealand offer fresh readings of established texts and provide important critical perspectives on lesser-known works. The book also examines the use of genre in children's and young adult literature, including crime fiction, dystopia, coming of age, and historical fiction. Addressing vital social justice themes in contemporary children's and young adult novels, such as human trafficking, postcolonialism, disaster, trauma, and gender and race inequality, the book presents a critically informed analysis of these compelling literary works and their engagement with social and cultural debates.

Ladies' Greek Yopie Prins, 2017-05-09 In *Ladies' Greek*, Yopie Prins illuminates a culture of female classical literacy that emerged in the second half of the nineteenth century during the formation of women's colleges on both sides of the Atlantic. Why did Victorian women of letters desire to learn ancient Greek, a dead language written in a strange alphabet and no longer spoken? In the words of Elizabeth Barrett Browning, they wrote some Greek upon the margin, lady's Greek without the accents. Yet in the margins of classical scholarship, they discovered other ways of knowing and not knowing Greek. Mediating between professional philology and the popularization of classics, these passionate amateurs became an important medium for classical transmission. Combining archival research on the entry of women into Greek studies in Victorian England and America with a literary interest in their translations of Greek tragedy, Prins demonstrates how women turned to this genre to perform a passion for ancient Greek, full of eros and pathos. She focuses on five tragedies: *Agamemnon*, *Prometheus Bound*, *Electra*, *Hippolytus*, and *The Bacchae*, to analyze a wide range of translational practices by women and to explore the ongoing legacy of *Ladies' Greek*. Key figures in this story include Barrett Browning and Virginia Woolf, Janet Case and Jane Harrison, Edith Hamilton and Eva Palmer, and A. Mary F. Robinson and H. D. The book also features numerous illustrations, including photographs of early performances of Greek tragedy at women's colleges. The first comparative study of Anglo-American Hellenism, *Ladies' Greek* opens up new perspectives in transatlantic Victorian studies and the study of classical reception, translation, and gender.

Please four essays from *Fires* and those five marvelous stories that range over the period of Carver's mature writing and give his devoted readers a final glimpse of the great writer at work. The pure pleasure of Carver's writing is everywhere in his work.
