Narziss Und Goldmund Hermann Hesse:

Narcissus and Goldmund Hermann Hesse, 2003-02 This is the story of a passionate yet uneasy friendship between two men of opposite character who set each other on different paths in life **Narziss and Goldmund** Hermann Hesse, 1990 Hesse's novel of two medieval men one quietly content with his religion and monastic life the other in fervent search of more worldly salvation This conflict between flesh and spirit between emotional and contemplative man was a life study for Hesse It is a theme that transcends all time The Hesse Phenomenon has turned into a vogue the vogue into a torrent He has appealed both to an underground and to an establishment and to the disenchanted young sharing his contempt for our industrial civilization The New York Times Book Review **Narziss und Goldmund** Hermann Hesse, 1977 **Narcissus and Goldmund** Hermann Hesse, 1999-01 Narcissus and Goldmund is the story of a passionate yet uneasy friendship between two men of opposite character Narcissus an ascetic instructor at a cloister school has devoted himself solely to scholarly and spiritual pursuits One of his students is the sensual restless Goldmund who is immediately drawn to his teacher's fierce intellect and sense of discipline When Narcissus persuades the young student that he is not meant for a life of self denial Goldmund sets off in pursuit of aesthetic and physical pleasures a path that leads him to a final unexpected reunion with Narcissus *Hermann Hesse's Narziss und Goldmund* Jan Fisher Ingenthron, 1974 **Hermann Hesse Today / Hermann Hesse Heute**, 2016-08-09 In November 2002 an international conference was held at the Institute of Germanic Studies in London in order to commemorate the 125th anniversary of Hermann Hesse's birth Twenty distinguished speakers from North and South America Russia Switzerland Germany and the United Kingdom attended the three day conference with the specific aim of exploring the continuing importance of this widely read German language author This volume brings together the various responses to the complex challenge that Hesse whose sheer success is sometimes seen as detracting from his status presents to literary scholarship around the world The author's current image among readers and scholars is approached from several distinct thematic and theoretical perspectives with the objective of providing a concise overview of current research The volume offers new readings of a number of Hesse's seminal works and makes a significant contribution to academic research into his past and present standing as a global icon As the title suggests the focus is on Hermann Hesse Today The book investigates his current significance for a modern readership taking account of his importance in the lecture theatre and classroom the multi faceted applicability of his moral ethical and aesthetic concerns in the context of a fragmented world and the continuing relevance of his writings With the ever increasing importance of modern preoccupations such as the ecological movement or the growth of the internet a fresh look at Hesse's works is long overdue The most obvious sign of this is the appearance of a definitive historical critical edition of his works prose poetry and literary criticism which will give access to much hitherto unpublished material and stimulate fresh debates on an author who ranks among the best known and most influential figures of the twentieth century This volume will be of interest to teachers of German in higher

education and their students as well as researchers and the general readership that continues to take an interest in Hesse on both sides of the Atlantic
