Ozment, Frank Miller Turner, 2000-07 Written by leading scholars in the field this survey of Western Civilization presents a strong clear narrative account of the central developments in Western history with a focus on several key themes the development of political freedom and constitutional government the shifting relations among religion society and the state the development of science and technology and their impact on thought and social institutions and the major religious and intellectual currents that have shaped Western culture

*The Power of Ideology* Alex Roberto Hybel, 2013-05-13 Since the Roman Empire leaders have used ideology to organize the masses and instill amongst them a common consciousness and equally to conquer assimilate or repel alternative ideologies Ideology has been used to help create safeguard expand or tear down political communities states empires and regional or world systems This book explores the multiple effects that competing ideologies have had on the world system for the past 1 700 years the author examines the nature and content of Christianity Islam Confucianism Protestantism secularism balance of power doctrine nationalism imperialism anti imperialist nationalism liberalism communism fascism Nazism ethno nationalism and transnational radical Islamism alongside the effects their originators sought to craft and the consequences they generated This book argues that for centuries world actors have aspired to propagate through the world arena a structure of meaning that reflected their own system of beliefs values and ideas this would effectively promote and protect their material interests and believing their system to be superior to all others they felt morally obliged to spread it Radical transnational Islamism Hybel argues is driven by the same set of goals This book will be of interest to students and scholars of international politics international relations theory history and political philosophy

Kagan, the Western Heritage Since 1300 Donald Kagan, Kagan, Perry McAdow Rogers, 2003-08

**Royalists, Radicals, and les Misérables** Eric Martone, 2014-10-02 The year of 1832 marked a turning point in France as the country struggled to find its way in the wake of the French Revolution Following the Revolution of 1830 Legitimists supporters of the recently ousted Bourbon dynasty's claim to the throne continued to plot against King Louis Philippe and his July Monarchy In early 1832 after failing to launch a coup in Southern France Legitimists plotted an unsuccessful uprising in the Vendée a region in Western France that had supported the royalist cause during the French Revolution The Duchesse de Berry led the rebellion

in the hopes of placing her son the Bourbon heir on the French throne The revolt marked the last attempt by the Bourbons to retake the throne by force and helped solidify the end of the Bourbon dynasty During the cholera outbreak which also spread throughout France in 1832 lower income areas suffered higher losses to the disease for they were more likely to have contaminated water supplies The lower classes spread rumors that the outbreak was an elitist plot to subdue the masses and the epidemic exacerbated class tensions Meanwhile conditions in France continued to be characterized by violence during the early 1830s as Louis Philippe attempted to establish his regime's authority The most significant of these uprisings was the republican dominated June Revolution of 1832 Victor Hugo and other contemporaries perceived the barricades of June as natural extensions of the cholera epidemic or the political continuation of a biological crisis The sad fate of the uprising however prompted republicans to regroup and develop new strategies for success As a whole then 1832 helped solidify the end of the Bourbon monarchy and class identities and was a crucial moment in the reorganization and growing solidification of French republicanism that paved the way for the Revolution of 1848 This edited collection examines these three pivotal events in French history in 1832 a royal Legitimist uprising led by the Duchesse de Berry the cholera epidemic and the June Revolution featured in the climax of Hugo's novel *Les Misérables* within the context of the legacy of the French Revolution While the events of 1832 are significant they have been relatively ignored because scholars have been distracted by the Revolutions of 1830 and 1848 This collection is the first piece of scholarship to examine these three events in an interconnected pattern to better examine France as it transitioned from a monarchy to a republic As a result this collection will be of value to both historians and academics studying diverse subfields within French and European studies

**The Western Heritage: To 1715** Donald Kagan, Steven E. Ozment, Frank Miller Turner, 2000-07 A core text for introductory level survey courses in Western Civilization and European History and Civilization Written by leading scholars in the field this authoritative time honored text presents a strong clear narrative account of the central developments in Western history with a focus on several key themes the development of political freedom and constitutional government the shifting relations among religion society and the state the development of science and technology and their impact on thought and social institutions and the major religious and intellectual currents that have shaped Western culture

Cunegonde's Kidnapping Benjamin J. Kaplan, 2014-10-28 In a remote village on the Dutch German border a young Catholic woman named Cunegonde tries to kidnap a baby to prevent it from being baptized in a Protestant church When she is arrested fellow Catholics stage an armed raid to free her from detention These dramatic events of 1762 triggered a cycle of violence starting a kind of religious war in the village and its surrounding region Contradicting our current understanding this war erupted at the height of the Age of Enlightenment famous for its religious toleration Cunegonde's Kidnapping tells in vivid detail the story of this hitherto unknown conflict Drawing characters scenes and dialogue straight from a body of exceptional primary sources it is the first microhistorical study of religious conflict and toleration in early modern Europe In it Benjamin J Kaplan explores the

dilemmas of interfaith marriage and the special character of religious life in a borderland where religious dissenters enjoy unique freedoms He also challenges assumptions about the impact of Enlightenment thought and suggests that on a popular level some parts of eighteenth century Europe may not have witnessed a rise of toleration     The Western Heritage Donald Kagan,Steven E. Ozment, Frank Miller Turner,2001 A core text for introductory level survey courses in Western Civilization and European History and Civilization Written by leading scholars in the field this authoritative time honored text presents a strong clear narrative account of the central developments in Western history with a focus on several key themes the development of political freedom and constitutional government the shifting relations among religion society and the state the development of science and technology and their impact on thought and social institutions and the major religious and intellectual currents that have shaped Western culture     The Western Heritage to 1715 Donald Kagan,Steven Ozment, Frank M.
