The guidelines mentioned in this manual are intended to provide practical guidance to student council members in the establishment and operation of the student council.

## **The role of the Student Council:-**

A Student Council will set its own objectives. Some general objectives could include:

- To enhance communication between students, management and staff.
- To promote an environment conducive to educational and personal development .
- To promote friendship and respect among pupils.
- To support the management and staff in the development of the school.
- To represent the views of the students on matters of general concern to them.

## **❖ Key functions of Student Council:**

### **○ Representing the views of the student body to the school management:-**

This should be one of the fundamental aims of every Council. It involves talking and listening to the student body, considering their views and concerns, and discussing these with the management on behalf of the students.

### **○ Promoting good communications within the school:-**

Improving communication within the school community is a shared responsibility and a Student Council can contribute to this process. Making presentations at staff meetings to keep staff informed of activities, keeping a Student Council notice-board or organising a regular newsletter are just some ways the Council can communicate with the students and staff.

### **○ Contributing to the development of school policy:-**

The Student Council can actively contribute to the development of school policy in a wide range of areas such as bullying, uniform requirements, behaviour code and extra-curricular activities. The Council could form sub-committees to consider individual policy issues.

### **○ Assisting in college sporting and cultural activities:-**

Student Councils can assist in organising and developing sports and cultural activities within the school, including, for example, sports days and exhibitions etc.
