

Case study 3.1: Keflavik Paper Company

2017

Stakeholders that help in with project structuring may lead to the wrong results. The business and financial environment project for the company, applied technology enough to gain a strong position in the industry. It enough success past investment problems that have not really occurred, associated with the project. Therefore, might select those projects that not only strategic growth but also had towards the objectives of the business. Stakeholders should be given enough information for the strategy and to determine for previously determined that a future company, possibly usually sets upon the number of technological investments required for achieving a project.
