The Key to Life by Andrew Blair Andrew Blair, 2016-01-07. The key to life. A question many of us ask ourselves on a daily basis: Why am I here? Why did I do that? What makes me different from the rest? The world we live in today is a different world from yesterday. In my opinion, majority of people are being brought up believing in violence, war, suicide, crime, abuse, bullying, Alcohol, Drugs, but most of all, people seem to believe in money. To which all prove a negative effect on our lives. You could believe Alcohol, Drugs are the Devil of our time, spreading like the plague, wiping out humanity, mentally and physically. Disability rates are rising fast throughout the world. Constantly, The NHS are over-run with mentally ill, depressed people, as are the drug/alcohol services, and nobody seems to have an answer, so we carry on running around in circles, chasing our tails like dogs, made to accept our fate of diagnosis, be it mentally ill or addicted. The highest killer of men today, under the age of 45, is suicide, which gives me the reason to believe: unless we do something about it, we are a dying breed. Growing within the human race due to negligence to others' negativity toward our own flesh and blood. Cancers now leaving us, our children, with a roundabout, whopping fifty percent chance of being diagnosed. That's before we smoke, drink, or take drugs. As we grow older, some of us begin to ask ourselves: where have our lives gone? Most uneducated people only seem to believe that Jesus was nailed to the cross this day in age. Nobody wants to learn how or why. Because unfortunately, this day in age, Jesus didn't sniff cocaine, to which I'd imagine he's probably pleased about, as he had a bad enough time as it was. Should you choose to believe in yourself, the power of life itself, the power of love? You will not be lead astray. Together, we will change the entire world for ourselves and our children, thinking twice about the future. I will tell you the story of my own upbringing through to this very day: the good times and the bad. School, careers, major addictions, depression, suicide attempts, negativity from others, positivity from the other side, my passion for music, how life affected me.

and how I got through it What if this Book reaches out to everybody in some way shape or form Giving my overall opinion on mental illness addiction relationship problems and many other healing capabilities including my own personal view on cancer But most of all an opinion to happiness in life
