Beginners of all ages are welcome. [Super Easy Keyboard for Kids. Learn How to Transpose: Learn to Play 22 Simple Songs in Different Keys](#) Helen Winter, This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. We use an easy to play visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. Every song has a large and simple letter coded visual along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game where children advance to higher levels themselves. There is a total of 22 songs and 2 options to help children to begin to play right away. **PLAYING BY LETTER CIRCLE PLAY WITH THE MUSICAL STAFF** The player can first follow the

circles and then repeat with the classic note symbols and staff The helpful letters are always above the notes There are 3 parts in this book They are equal to 3 levels Level 1 Songs that are played in one octave All songs here appear twice once written with circles and the next time with classic music notes This will help kids remember the staff notes For example Mary Had a Little Lamb Ver 1 CIRCLES Mary Had a Little Lamb Ver 1 NOTES Level 2 In this part you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation For example Hot Cross Buns Version 1 CIRCLES Hot Cross Buns Version 1 NOTES Hot Cross Buns Version 2 NOTES Here the player will play songs in a different key and learn how to transpose Generally the version of the song written with sheet music is a little bit more complex than a letter coded version Such versions already have music notations such as rests or beams etc You can find an illustrated explanation of the notation at the end of this book Level 3 Here the first two songs are versions of the same melody different combinations of notes written with circles and notes This is important so that the beginner can see how the same melody can be played in different keys First of all this book is addressed to newcomers to any keyboard instrument such as Piano or Synthesizer We offer 22 one hand piano songs Also it is a perfect self training guide for children and beginner adults to mastering the challenges of percussion instruments such as xylophone glockenspiel melodica or recorder Additionally you find funny riddles with engaging activities to teach musical notes and symbols Table of contents Level 1 Mary Had a Little Lamb Ode to Joy The Whills on the Bus Jolly Old Saint Nicholas Ten Little Fingers London Bridge Do You Know the Muffin Man we Wish You a Merry Christmas The First Noel Brahms Lullaby Row Row Your Boat Itsy Bitsy Spider Silent Night Oh Susannah Level 2 Hot Cross Buns Are You Sleeping Old McDonald Level 3 Jingle Bells La Cucaracha Yankee Doodle Happy Birthday Amazing Grace Music Note Values Musical Puzzles [Piano Lessons for Kids - Book 1](#) LearnToPlayMusic.com,Andrew Scott,Gary Turner,2014-04-22 Teach how to play piano for kids with our easy piano lessons for kids Comes with online access to free piano videos and audio demonstrating all examples See and hear how each one is played by a teacher then play along with the backing band Also includes music score and piano animation for easy music learning I have used this book over and over with my piano students A simple and easy method to a beginner for learning notes and rhythms Victoria I Romero McAllen TX Amazon Progressive Piano Method for Young Beginners Book 1 contains all you need to know to start teaching kids to play piano in one easy to follow lesson by lesson children s piano tutorial Suitable for children aged 4 to 8 years and all types of pianos including electric pianos digital pianos and piano keyboards No prior knowledge of how to read music or playing the piano is required to teach a child to learn to play piano from this book Teach your child How to play piano notes for kids and piano scales for kids All the fundamental techniques of piano playing including correct posture hand position and fingering technique for playing five notes with the left hand and five notes with the right hand Basic piano theory for kids including how to read music including note values rests and time signatures Piano tips for kids that every child should know when learning piano Shortcuts for how to learn piano fast by getting the most from
