Women in Populist Rhetoric Agnieszka Kasińska-Metryka, Karolina Pałka-Suchojad, 2025-07-28 At a time of increasing right wing populism *Women in Populist Rhetoric* examines the relationship between populist rhetoric and the real social

changes that affect women and how populists gain prominence through the support they receive. Covering a broad spectrum of right wing group activity in Western Central and Eastern Europe including Hungary, France, and Czechia, this volume takes an important look at the phenomena at the level of leadership and the practice of its operation. The book is divided into four parts: the first describes the phenomenon of right wing populism; the second examines language as a tool of populist influence; and the third and fourth analyse the narratives of populist parties towards women across different European countries. An important text for the present moment, *Women in Populist Rhetoric* is an invaluable text for students of politics, sociology, and gender studies.

Unequal Profession Meera E Deo, 2019-02-05

A study of the experiences of women of color law school faculty and the effect of race and gender on legal education. This book is the first formal empirical investigation into the law faculty experience using a distinctly intersectional lens, examining both the personal and professional lives of law faculty members. Comparing the professional and personal experiences of women of color professors with white women, white men, and men of color faculty from assistant professor through dean emeritus, *Unequal Profession* explores how the race and gender of individual legal academics affects not only their individual and collective experience but also legal education as a whole. Drawing on quantitative and qualitative empirical data, Meera E Deo reveals how race and gender intersect to create profound implications for women of color law faculty members, presenting unique challenges as well as opportunities to improve educational and professional outcomes in legal education. Deo shares the powerful stories of law faculty who find themselves confronting intersectional discrimination and implicit bias in the form of silencing, mansplaining, and the presumption of incompetence, to name a few. Through hiring, teaching, colleague interaction, and tenure and promotion, Deo brings the experiences of diverse faculty to life and proposes several mechanisms to increase diversity within legal academia and to improve the experience of all faculty members.

Praise for *Unequal Profession*

Fascinating, shocking, and infuriating. Meera Deo's careful qualitative research exposes the institutional practices and cultural norms that maintain a separate and unequal race/gender order even within the privileged ranks of tenure-track law professors. With riveting quotes from faculty across a range of institutional and social positions, *Unequal Profession* powerfully reminds us that we must do better. I saw my own career in this book, and you might too.

Angela P Harris, University of California, Davis

A powerful account of inequality in legal academia. Quantitative data and compelling narratives bring to life the challenges and roadblocks in gaining not just entry and tenure but also respect for the voices of minority women within the academy. There are no easy remedies, but reading this book is a good place to start for lawyers and law professors to understand what minority women face and which practices can increase the odds of success.

Bryant G Garth, University of California, Irvine

Unequal Profession should be mandatory reading for everyone in legal academia. By providing concrete evidence of systemic discrimination, Meera Deo illuminates a long-standing problem needing to be remedied.

Recollections of My Nonexistence Rebecca Solnit, 2020

An electric portrait of the artist as a young woman that asks

how a writer finds her voice in a society that prefers women to be silent In *Recollections of My Nonexistence* Rebecca Solnit describes her formation as a writer and as a feminist in 1980s San Francisco in an atmosphere of gender violence on the street and throughout society and the exclusion of women from cultural arenas She tells of being poor hopeful and adrift in the city that became her great teacher of the small apartment that when she was nineteen became the home in which she transformed herself of how punk rock gave form and voice to her own fury and explosive energy Solnit recounts how she came to recognize the epidemic of violence against women around her the street harassment that unsettled her the trauma that changed her and the authority figures who routinely disdained and disbelieved girls and women including her Looking back she sees all these as consequences of the voicelessness that was and still is the ordinary condition of women and how she contended with that while becoming a writer and a public voice for women's rights She explores the forces that liberated her as a person and as a writer books themselves the gay men around her who offered other visions of what gender family and joy could be and her eventual arrival in the spacious landscapes and overlooked conflicts of the American West These influences taught her how to write in the way she has ever since and gave her a voice that has resonated with and empowered many others

More Than a Doll Jodi Bondi Norgaard, 2025-01-21 When Jodi Bondi Norgaard an experienced entrepreneur attempted to shake up the toy industry with a sports doll that appeals to today's more athletic adventurous girls she came to realize the roadblocks to success weren't only reluctant toy buyers but a patriarchal culture that perpetuates gender roles and sexism *More Than a Doll* is about her mission to break gender stereotypes and challenge the status quo Through illuminating testimonials data research interviews and cultural observations readers will come away with clear examples of the dangers of early gender stereotyping and how we continue to fail to see the harm After all It's just a toy It's just a t-shirt It's just a show Bondi Norgaard is sounding the siren that gender inequality doesn't begin in our teens it begins the moment a child can hold a toy or book or watch a screen The programming starts early and the impact is lifelong
