craft and influence the anthology is divided into three sections that deal with genre musical motifs and the re creative process Each chapter adopts fresh methodologies to focus on an area that has received little academic study Contributors investigate the films relation to subgenres like the counterculture movie or the witchcraft film their debt to slapstick comedy or the recurrence of specific visual motifs like hands the editing and the handling of space the use of makeup and music the films relation to comics and their adaptation into other media Authored by established and up and coming experts of horror and the Fantastic the chapters in Beyond Zombie Politics aim to offer fresh insights into an important body of work to contribute to current studies of the evolution of horror aesthetics and to map the borders between exploitation independent and mainstream film
